

Obo Fun Time 2

Sillinonin DLC

Obo fun time 2, is of course the sequel to the world famous, and ROBLOX's best seller: OBO FUN TIME, a document exposing a member of multiple roblox communities of Pedophilia, Exploiting, Theft via Synapse, Cheating, and many other heinous acts.

In this iteration, we will be covering the aftermath of this historic document, or more specifically the Cheydinhal incident (5th September 2021) Which was the catalyst of the decision that this sequel needed to be made.

The Goal here is not to jampack the facts we had before, but instead highlight the new things that have come to light. Loose references may be made to the past Document but hopefully everything here is

only new-info. If you ever need a redirection to the Old Document, or if you haven't read it at all, here is a link to it. :

<https://docs.google.com/document/d/1xMDehZfUgQWdkVBggcvVjOUKUwMyC4ieC4nblJZMmwU/edit>

The First chapter today will be the Cheydinhal incident, what was supposed to be an innocent scrap between two groups because one group was desperate for activity and the other had nothing to do; unintentionally turned into the biggest shitfests of the past month.

Behold.

Chapter 1.

The Cheydinhal Incident.

At 00:02 BST (6th September 2021) (23:02 local time). Sillinonin, the owner of a 25-man group named Cheydinhal is asking for a raid, nothing wrong with this of course. But he is spamming everyone he can lay his finger upon to sort himself out with a raid.

Hyven_Wayton Yesterday at 23:02

Wanna raid I've got 9 people?

Aldmeris Yesterday at 23:08

Hath Today at 7:06 PM

i dont lead anything to raid you with and even if i did i wouldnt because i dont like you

I preface by saying I do apologize for the quality of these images, but you have the ability to zoom into photos so this should not be a problem.

Feeling sorry for Sillinonin, I look upon my server which has around 4 of my regulars online, him previously stating he had 9 people, I figured we'd be able to have a fair fight with 4 against his 9.

I then invite him to do a raid on Skywatch, expecting this 4v9.

However he doesn't bring 9 people, instead he mercs a Milanese group with him, as well as a shit-ton of random people that were neither affiliated with my group, nor his group. I saw it

as a non-issue and invited two of my friends to come participate in the raid.

A recording of the raid can be found here:

https://www.youtube.com/watch?v=2QQXMujIYYk&ab_channel=Korial

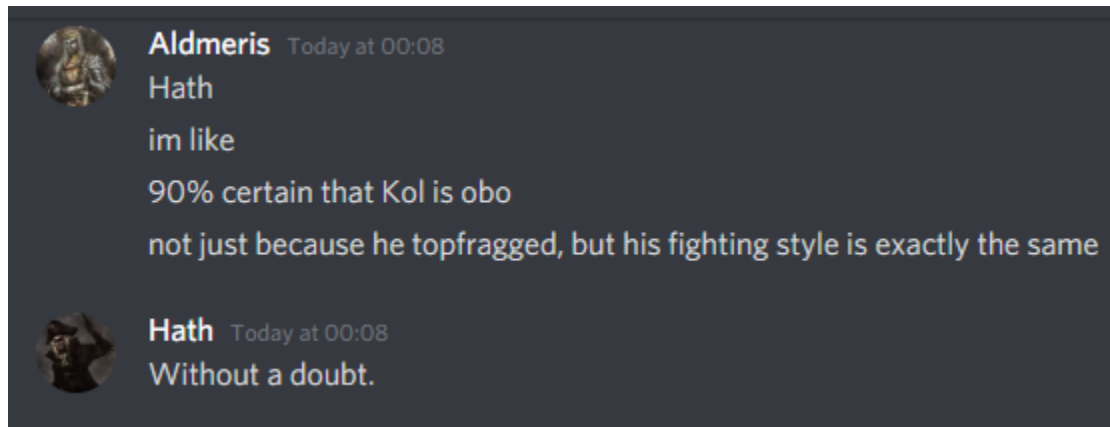

Now, Void (my group) did lose this raid against Cheydinhal and its allies, 150-119 was the official score and I can't complain about anything there except for the lack of power of my own army.

Now this would be a non-issue, and just a fun raid until I notice this little chap: Kol (or Blaster).

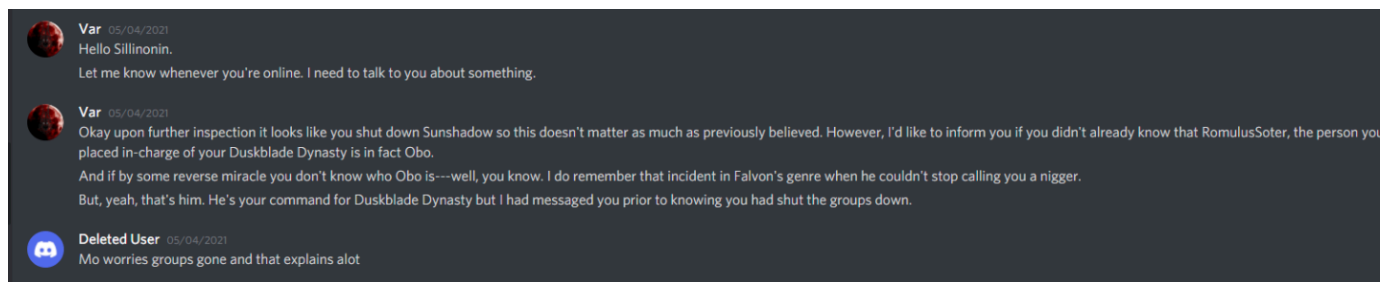

His KDR was far superior to the rest of his army, and his fighting style was insanely similar to that of Obo, there can be a myriad of explanations for this, but here suspicions began to arise.

A comrade fighting on the Void side of the raid, is conveniently Obo's former sparring partner, and seemed to be on the same mind with this.

Now this, isn't a very passionate screenshot.

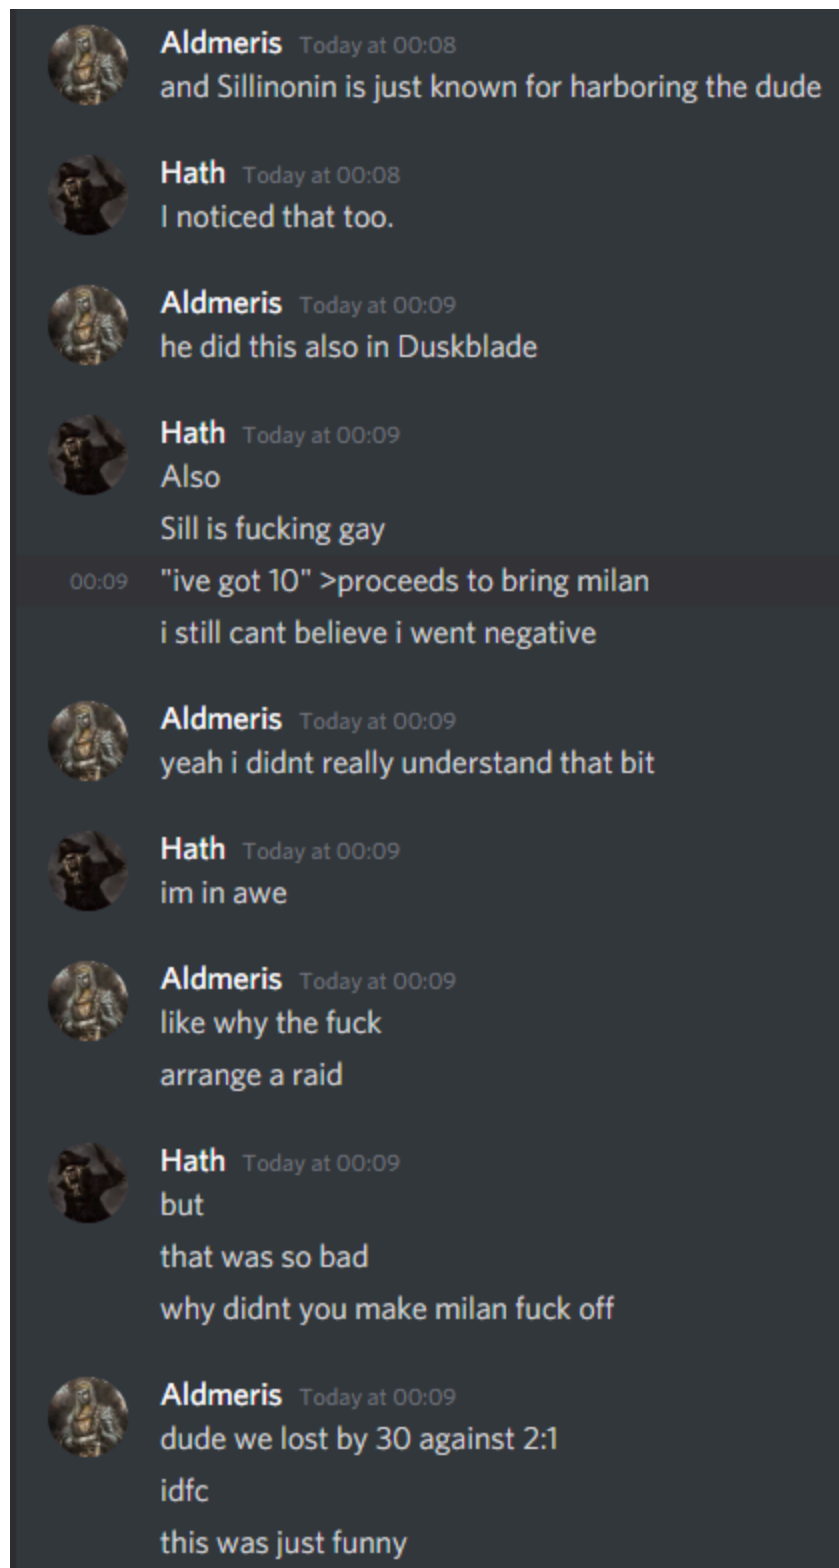

Until I remember that the owner of Cheydinhal, Sillinionin. Has harboured Obo before within his groups, even after the release of the document. Obviously not a good look.

Here is a screenshot from April 2021, me informing Sillinionin that Obo's alt (RomulusSoter) had joined his group, and that he should keep an eye out for that person's antics. Due to the nature of the accusations that I had put out, as well as a document with proof of those accusations. A non-brainer would be to take the warning and ban Obo, or justify the position. Instead he shut down his group and deleted his account, which was ultimately for other reasons.

Now, the connection has been established that we have suspicions that this Kol person is Obo, it felt like no coincidence to us that the fighting style was insanely similar, and that

Obo was accompanied by Sillinonin, as he had before because Sillinonin had harboured him. I would also like to point out that former members of Obo's groups mysteriously turned up to these events, as an avid and active member of the fantasy community, I declare that the people in question only attend events if Obo is in presence, and that theory of mine has stood its ground for well over 8 months now.

(Duskblade is Sillinonin's old group, that Obo was in)

Hath Today at 00:13

dude literally has obo's personality too

. Nothing to say here, just didnt fit this with the other screenshot.

We begin joking around in-game that this Kol guy is Obo, with the beliefs that we have, nothing serious however. Until I notice a funny pattern that emerges once you do accuse Obo's alts of being Obo (him playing dumb, or ignoring it).

What confirmed my suspicions was this funny moment.

“-sticks finger up ahh-” seemed very Obo-like to me.

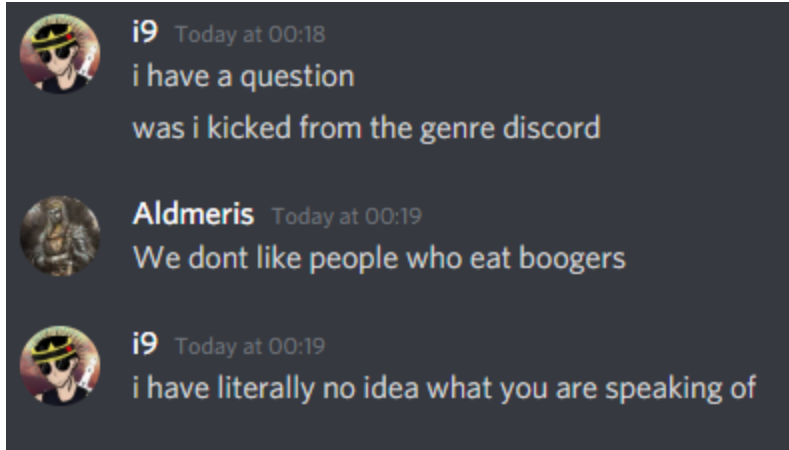

I was hungry for more proof that Kol was Obo, and I was certain that if I were to just bring this up to Sillinonin, that he'd either protect him, or that I wouldn't be able to get the information I'd need.

In a hurry, I jump into a Cheydinhal VC with an alt-account. Speaking to Obo directly who did remain in the VC.

Here is a video:

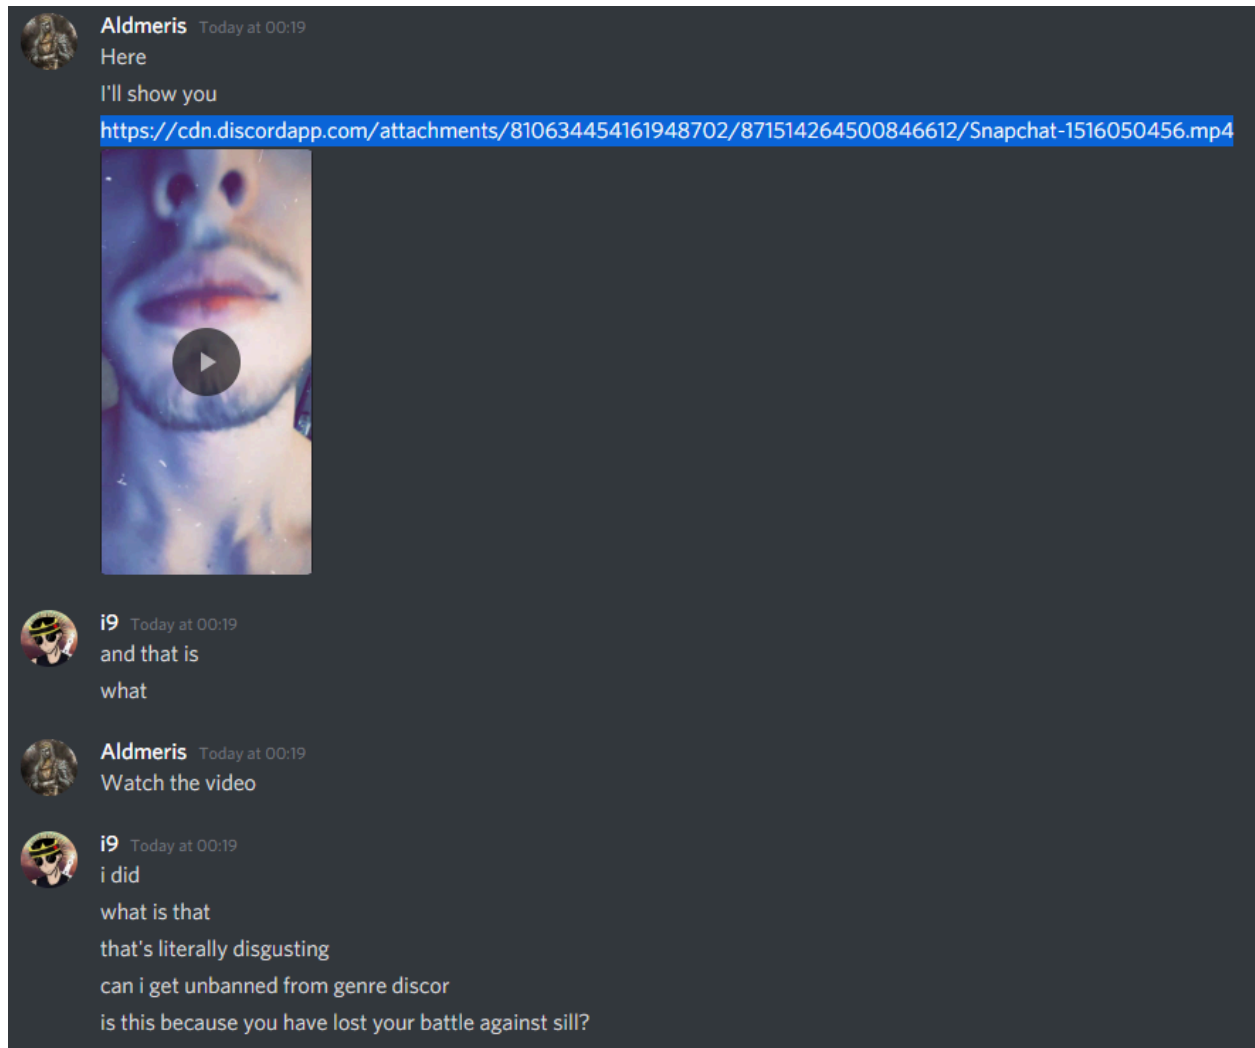

https://www.youtube.com/watch?v=kwyYyj1Eaek&ab_channel=Korial

The video is simple, I jump into the VC, bait Obo to talk, as soon as he recognizes my voice he leaves the VC. With the confirmation that this was indeed Obo, and not someone who behaved exactly like him and fought exactly like him, I instantly banned him from my Elder Scrolls community, something he noticed very quickly.

I replied with a video of him eating his boogers, something you can view here:

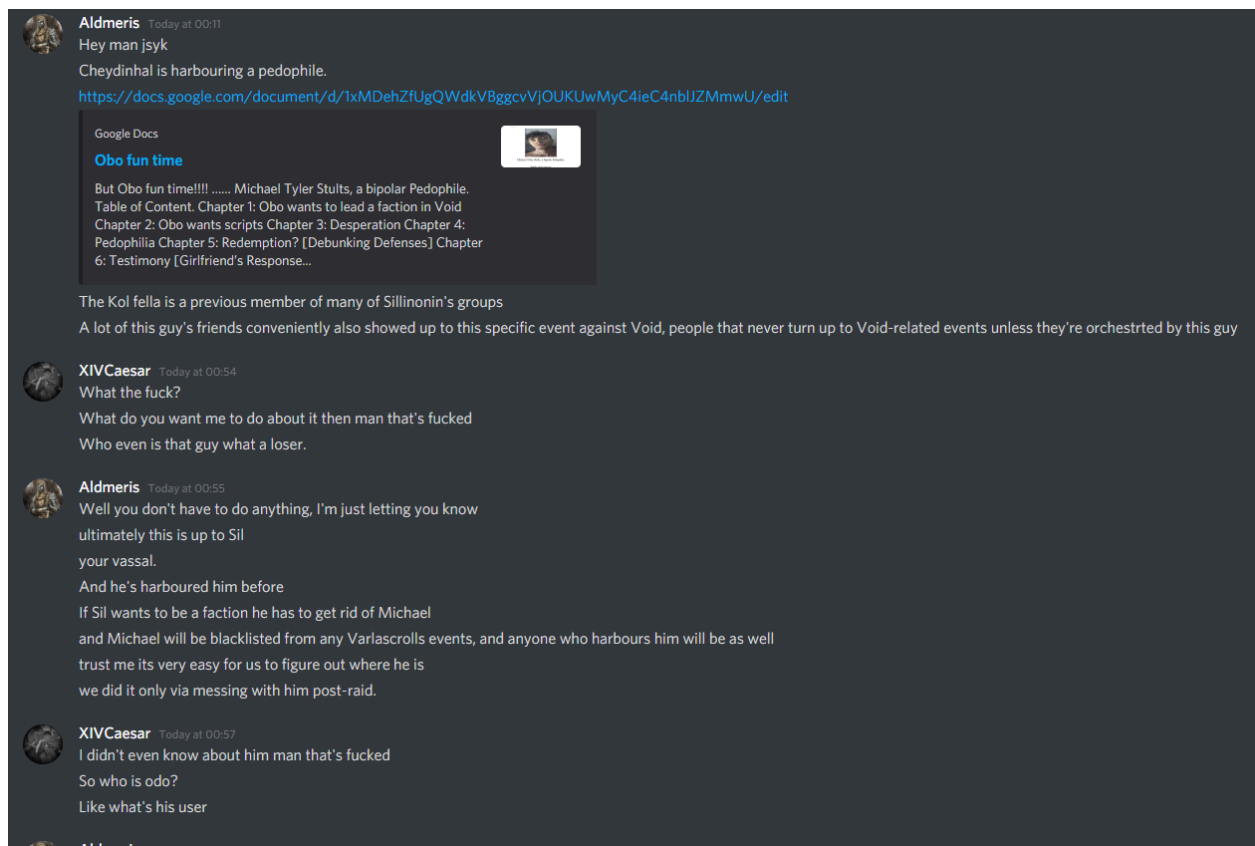

<https://cdn.discordapp.com/attachments/810634454161948702/871514264500846612/Snapchat-1516050456.mp4>

Instantly one of the key points of Obo's and Sill's defense is made: That I am just salty that I lost a raid, which will always be a fair assumption to make.

I then send the document as well as info regarding the recent altercation to the leader

of Sillinonin's ..Orchestration I guess you could say, Basically; Cheydinhal is a puppet-state of a bigger group, and is not independent at all. I felt like it was more than normal responsibility to inform the main-leader of the incident, as I was certain he had never heard of Obo before (The Leader is question was not in the raid, but was busy irl):

A screenshot of a Discord chat window with a dark theme. The chat shows a conversation between three users: Aldmeris, XIVCaesar, and Aldmeris again. Aldmeris starts by saying 'Hey man jsyk' and then 'Cheydinhal is harbouring a pedophile.' followed by a Google Docs link. A preview of the document is shown, titled 'Obo fun time' and containing a list of chapters. XIVCaesar responds with 'What the fuck?' and 'What do you want me to do about it then man that's fucked'. Aldmeris then explains the situation, mentioning 'The Kol fella' and 'Michael Tyler Stults'. XIVCaesar asks 'I didn't even know about him man that's fucked' and 'So who is odo?'. Aldmeris responds with 'Like what's his user'.

Aldmeris Today at 00:11

The Kol fella is a previous member of many of Sillinonin's groups
A lot of this guy's friends conveniently also showed up to this specific event against Void, people that never turn up to Void-related events unless they're orchestrated by this guy

XIVCaesar Today at 00:54
What the fuck?
What do you want me to do about it then man that's fucked
Who even is that guy what a loser.

Aldmeris Today at 00:55
Well you don't have to do anything, I'm just letting you know
ultimately this is up to Sil
your vassal.
And he's harboured him before
If Sil wants to be a faction he has to get rid of Michael
and Michael will be blacklisted from any Varlascrolls events, and anyone who harbours him will be as well
trust me its very easy for us to figure out where he is
we did it only via messing with him post-raid.

XIVCaesar Today at 00:57
I didn't even know about him man that's fucked
So who is odo?
Like what's his user

Aldmeris Today at 00:57

Obo is Michael

XIVCaesar Today at 00:57

Oh

Aldmeris Today at 00:57

XIVCaesar Today at 00:59
What will happen if Sill doesn't remove him?

Aldmeris Today at 00:59
What do you think will happen if Sil doesn't remove him.
Or, what would you suggest.
Because we don't like Sil already, I don't even try to hide that.

XIVCaesar Today at 01:00
Well are you certain he's the pedophile?

Aldmeris Today at 01:00
And if he's harbouring a pedo that is genre-wide hated, then we will take action

@XIVCaesar Well are you certain he's the pedophile?

Aldmeris Today at 01:00
I'm the one that wrote Obo fun time.
and it was an issue regarding my group (the one Cheydinhal just raided)

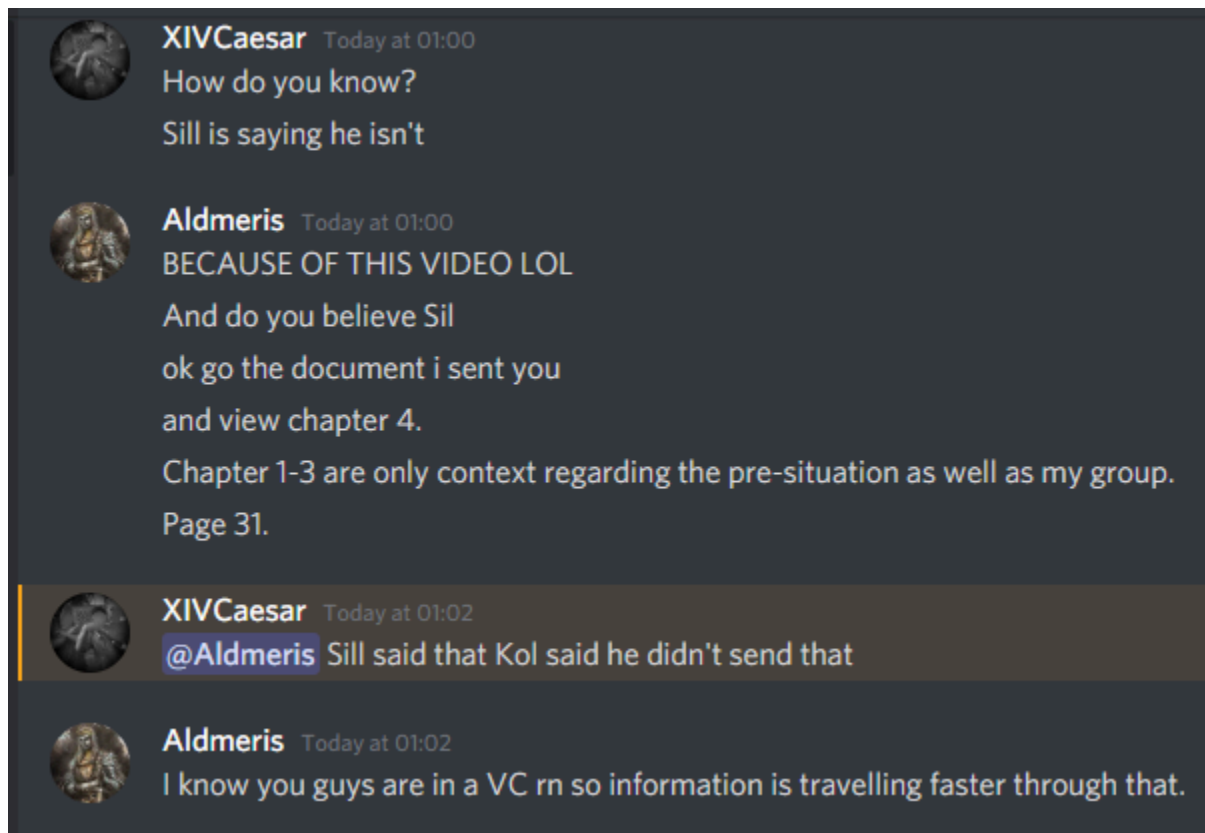

XIVCaesar Today at 01:00
Like who the fuck is kol though lol

Aldmeris Today at 01:00
Kol is Obo
the guy in the document

A big part of this document will be confusion, as Tiberius is not familiar with members of the community, and thus has no idea who Obo was prior to this incident happening. And he can't and won't be blamed for any of that.

Here begins the crux of Sill's part in this. He is telling Tiberius that Obo and Kol are not the same person at all, and this is the hill where Sillinonin will ultimately die on.

Keep in mind here;

Sillinonin's position: Obo and Kol are not the same person, therefore Kol is not a pedophile and Varlathriel is just salty he lost a raid

My Position: Cheydinhal is harbouring a known pedophile, if they get rid of him everything is cool.

Tiberius' Position: Trying to understand the situation.

Kol had gone lengths to retain his anonymity, and to draw as clear as a distinction between him and Obo, the position after all is that they're NOT the same guy. Here's him in Genre Chat pretending to be Romanian (about 6-10 hours before the start of the raid, at this point I didn't even bat an eye as to who this could be).

i9 Yesterday at 13:51

Silvethriel | Northpoint Yesterday at 13:54

it was auto correct

i9 Yesterday at 16:05

sorry i am not from English speaking country ok

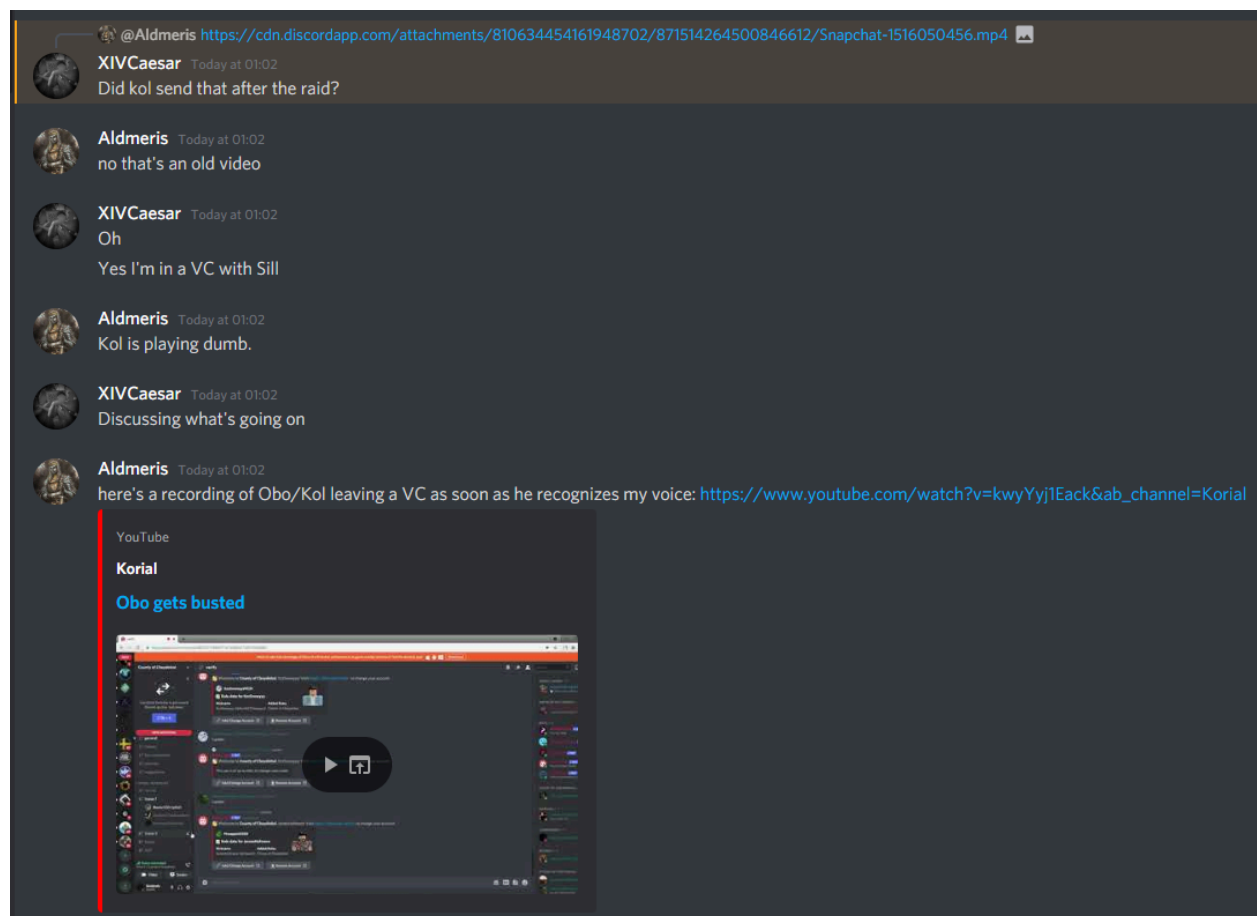

i9 Yesterday at 16:11

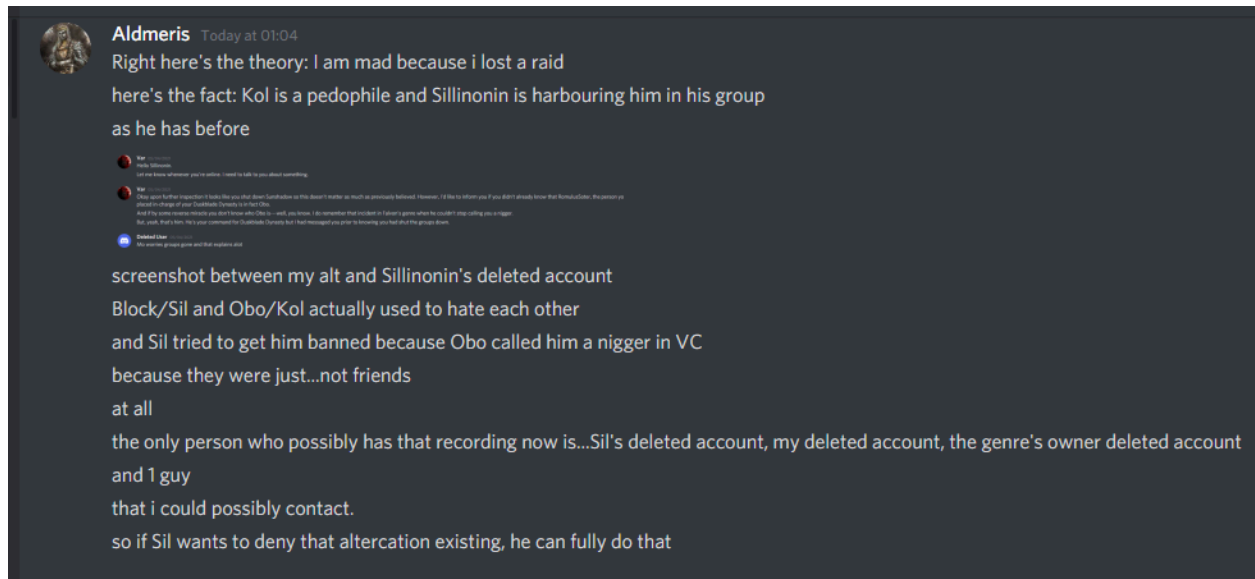

because i mainly speak romana however my English in my eye is very good enough.

în my eyes is very good

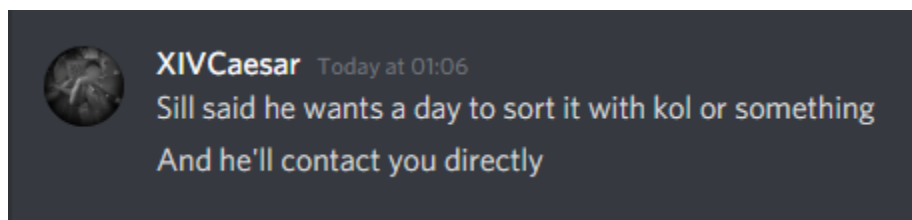

Looking back; this was a clever jest, using letters available in the Romanian alphabet to pretend to have typos, it was a nice touch to pretend to be from a different country.

Back to the point;

The minimized screenshot is the one I showed before, of me informing Sillinionin in April that Obo had joined his group, and that's why I had the suspicion of their connection. Even still, Kol is trying to convince Tiberius that there's no clear link between Obo and the Kol guy.

Another key part of Sill's tactic is just to delay repercussions, saying he needs a day, or just needs time.

XIVCaesar started a call that lasted 21 minutes. Today at 01:06

We then start a call, which, I felt no need recording. It was basically just me giving backstory regarding the Obo individual, as well as the possible connection between Obo and Kol, as well as the backstory of co-operation between Sillinonin and Obo.

Now, a friend of mine was actually in the post-raid VC alongside Sillinonin, Kol, and some other Cheydinhal soldiers.

Sill's hill to die on was the fact that Obo and Kol sound nothing alike, and that they're not the same person.

I asked my friend if Obo was in this call:

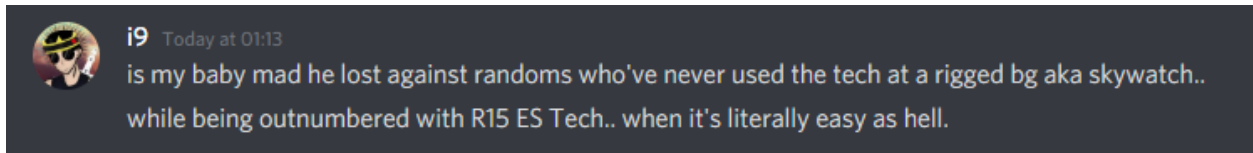

Today at 00:42

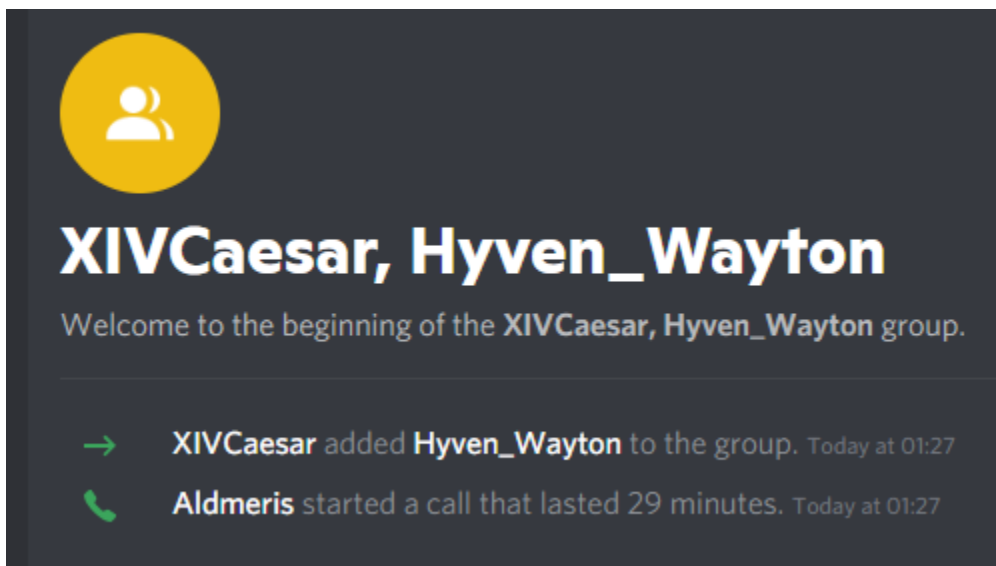

Mhm, will be leaving here soon unfortunately.

I can remember his voice since I'm in vc with him right now.

I9, after I ignored him for what must've been like 30 minutes now, decides to message this:

Suddenly the english is a lot clearer, as well as a re-emergence of Obo's temper is visible, which can be seen if you read the Old Document, the vocabulary and word-play of these two individuals are nearly identical.

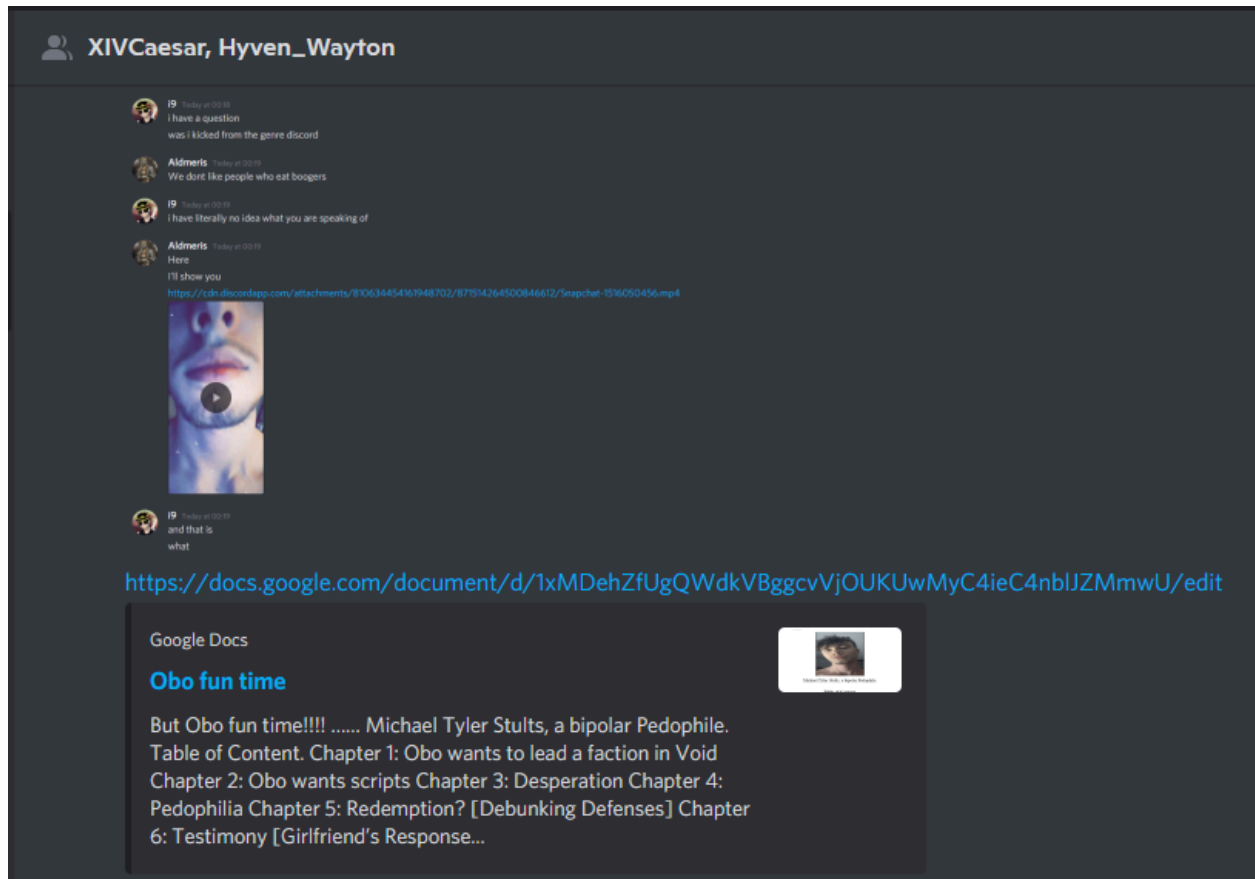

A group chat is created between myself, Tiberius, and Hyven Watson, Hyven being Sillinionin. Same guy.

I explain the position and...Did not feel a reason to record the VC that was there, the gist of what went down was me explaining the current links between Obo and Sillinionin, and his only possible comebacks were always that we just were salty because we lost the raid, or he was steadfast on the idea that Obo and Kol were DEFINITELY not the same person.

In this group chat, I send him the Obo Fun Time, my previous exposé on Obo, which he claimed to have never seen, and also said that

he had never seen proof of pedophilia by Obo:

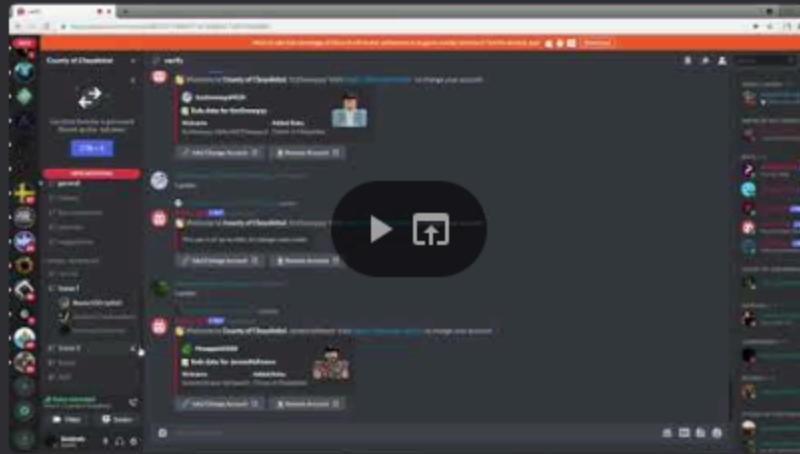

I also send him these two videos, one recorded by me invading the Cheydinhal VC, and one that Obo himself recorded on his own account.

https://www.youtube.com/watch?v=kwyYyj1Eack&ab_channel=Korial

YouTube

Obo

Obo - Packing Random Developer

I commanded Sil to watch both videos, back to back, compare the voices and tell me if they

were a different guy. Try this yourself before reading more:

VC Invasion:

https://www.youtube.com/watch?v=kwyYyj1Eack&ab_channel=Korial

Obo Packing a random Developer:

https://www.youtube.com/watch?v=TpDZQ9_FRqs&ab_channel=Obo

Sillinonin, still believes that these two people are not the same guys.

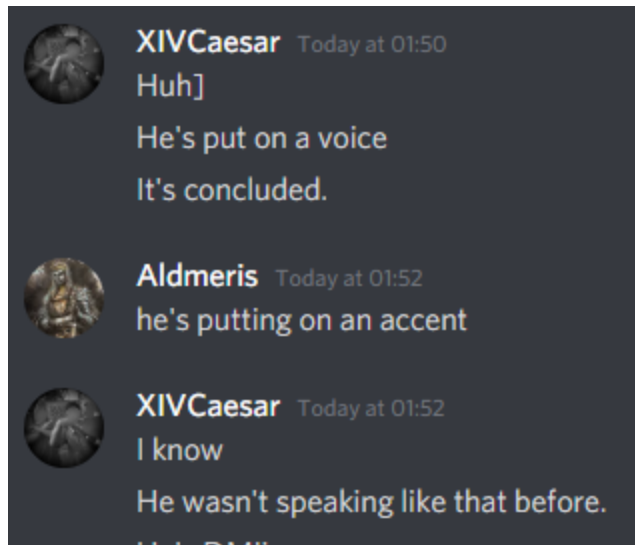

So the solution becomes insanely simple from now on; just add Obo/Kol to the call. Which we do.

Obo pretends to be Romanian for 6 minutes:

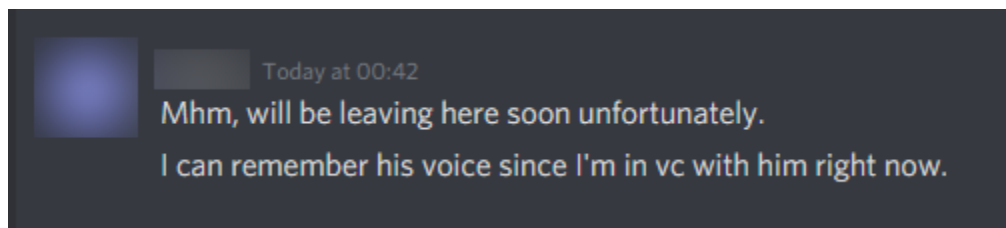

https://www.youtube.com/watch?v=EBgi8oQKL-A&ab_channel=Korial

A simple clip, of the discussion between Hyven, Tiberus, Myself and Obo. And me attempting to bait Obo in any way I can in order for him to either slip up or reveal he's Obo.

At 1:38, he finally begins speaking, using the same accent he used before in the Cheydinhal VC. Now, if he had been using this accent the entire day, it may have been slightly not-retarded for Sil to believe they were NOT the same guy, however, Tiberius messages me mid-way through the video, just telling me directly that he didn't sound like he did before.

, I also wanna reference back to this, a guy who also knew Obo and instantly recognized his voice:

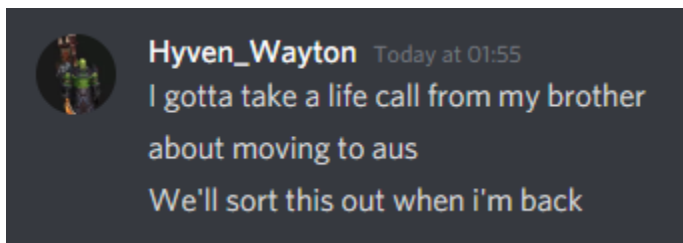

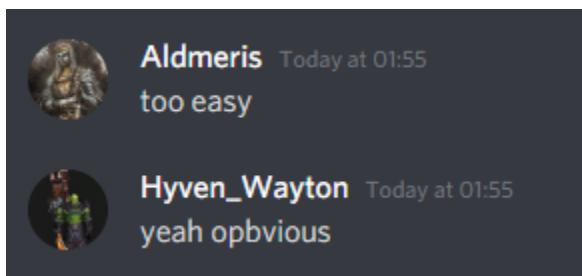

Another slip up is me randomly complimenting this supposed guy called 'Michael' at: 3:09

Instead of just, listening there. His only reply is "my name is not Michael" when, in the

recording (in that exact context) , I didn't say he was Michael

After Michael has a rant, about at the end of the video, he is promptly kicked from the GC, and Sillinonin finally admits that Obo and Kol are the same guy:

and then tries to escape the situation. Again, “sort this out when I’m back”, always trying to delay or save him time, so that there are no repercussions.

Hyven_Wayton Today at 02:12

No worries remove him from the group and shiz
I gotta sus moving stuff

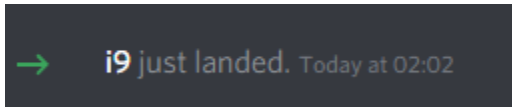

Here he makes the promise of removing Obo from the group, and this would've been the end of the saga. Cheydinhal would gain admission into the Varlascrolls genre.

However, peace doesn't last.

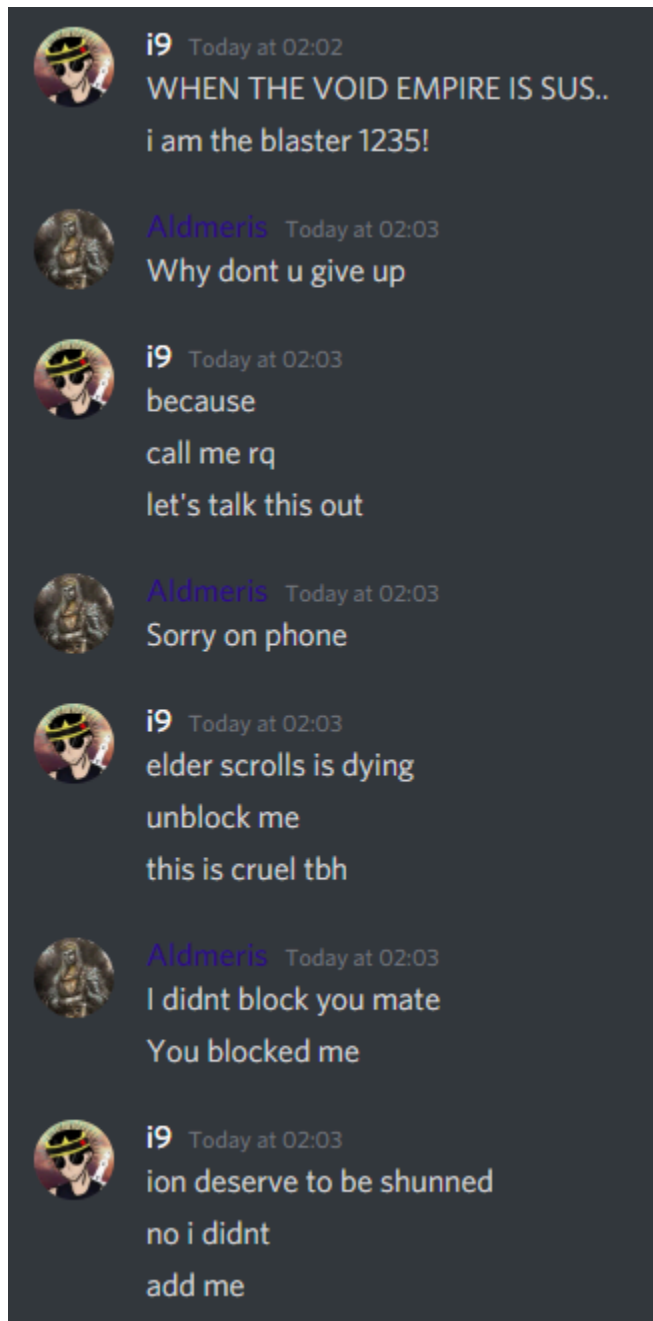

Chapter 2:

OBO enters the Void Chat

Sillinonin would kick Obo from the groups and discord, and I believed that would be the end of it. It wasn't.

 at around 2am, Obo decides to join my discord server. Still trying to keep up the act that Kol wasn't Obo, now why would Kol go as far as to join this group just to prove he WASN'T Obo? Well, that's the mystery.

The following screenshots take place within Void's 'verification chat'. Which is before you even gain access to the server.

And here

he confirms the existence of said Chadnovia.

Now, use your eagle eye, and spot the final audio file he posted.

‘Romulus’.

I’ll now post the screenshot I sent to Sillinionin in april, warning him about Obo joining his group on an alt as ‘RomulusSoter’.

So, Sillinionin had co-operated with Romulus before, and had without a doubt heard Romulus’ voice, which is why the defense of “they dont sound the same” seemed so bullshitty. Because Sillinionin always knew. Remember that as we go

forward and when we do the Sillinonin chapter, that Sillinonin pretends to not know, but does know, and will actively suppress evidence and then pretend he doesn't understand it or never saw it. Now, unrelated to the specifics here, but try to note something similar about the

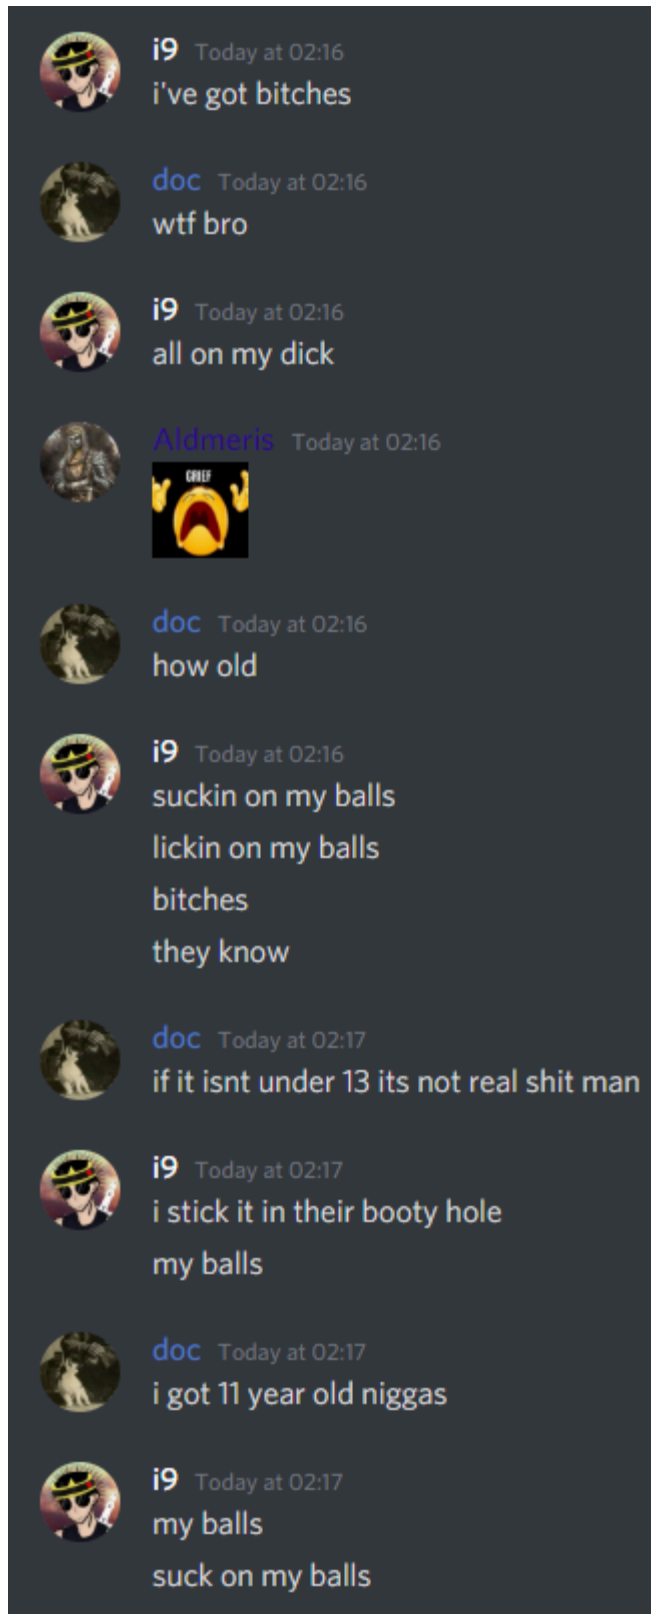

following avatars.

These avatars, are
all of course, some of Obo's alts.

@i9 you cry like a bitch bc there aren't any real leaders in the community

Aldmeris Today at 13:46

by raping their groups

i9 Today at 13:46

apologize to crystal

Aldmeris Today at 13:46

i9 Today at 13:46

Aldmeris Today at 13:47

Mike you do realize that

you've also

lost at skywatch

i9 Today at 13:47

just like i allegedly rape children

Aldmeris Today at 13:47

and that the victory yesterday wasn't incredibly glorious

i9 Today at 13:47

my kdr against void is 2-2

so idc

Aldmeris Today at 13:47
2-1 mate.

i9 Today at 13:48

Aldmeris Today at 13:48
Alik'r beat a Void clan.

i9 Today at 13:48
WHAT
LOL
nah

Touching back on Alik'r,

one of the avatars I showed earlier, the one with the white mask, was Obo's alt owning said group. A group that Sillinonin also knew about.

Aldmeris Today at 13:48
literally a sub-divison,

i9 Today at 13:48
it was void

Aldmeris Today at 13:48
like 1/5th of our group
bellend

i9 Today at 13:48
void is literally shit

Aldmeris Today at 13:48
that's why you lost twice

i9 Today at 13:48

@i9 my kdr against void is 2-2

Aldmeris Today at 13:49
so where do the 2-2 come from

i9 Today at 13:49
I've beaten you twice

Aldmeris Today at 13:49
so why isn't it 2-0

i9 Today at 13:49

ok

2-0

im 2-0 against you

Aldmeris Today at 13:50

i9 Today at 13:50

you were outnumbered against randoms

doc Today at 13:50

mercs crystal

i9 Today at 13:50

who have never used the tech

Aldmeris Today at 13:50

why was Milan at the raid, when Cheydinhal had told me they were raiding with only 9 people.

yet then brought like...21?

i didnt count, i admit

i9 Today at 13:50

you literally lost at your own bg

actually i lied btw

Aldmeris Today at 13:50

Yes I've been
very clear

i9 Today at 13:51

they were all cheydinhal

Aldmeris Today at 13:51

about losing 1 match
on skywatch

i9 Today at 13:51

LOL

Aldmeris Today at 13:51

oh they were all cheydinhal
mb

i9 Today at 13:51

it was a joke
but they were all from either GRP
Alik'r
or ayleids
but
i recruited most with sil
MAJORITY never even used the tech
BOTTOM LINE IS
im a changed man
you were outnumbered too

Aldmeris Today at 13:51

if you think you need skill to win a R15 raid then that proves your retardation

i9 Today at 13:52

dude that's sad
yes
you do

Aldmeris Today at 13:52

to win a 4v4 or something, you need skill
if you have 20 people

i9 Today at 13:52

they only won bc i was leading in vc
ok let's set it up

Aldmeris Today at 13:52

maybe that's true.

i9 Today at 13:52

4v4
the fact is

Aldmeris Today at 13:52

Mike, I'm not going to co-operate with you on roblox.

i9 Today at 13:52

ill always win

Aldmeris Today at 13:52

There'll be no scheduled raid between us

Aldmeris Today at 13:53
type-a rant i'll be back in like 10 mins rq

THIS WILL BE
MY FAVOURITE PART OF THIS DOC.

i9 Today at 13:53
what do you want me to do nigga
ill let you decide
genuinely
ive got free time rn bc of this new variant irl
i need elder scrolls
with me back in the game

i9 Today at 14:02
i just realized something.
it's a huge epiphany
I've never actually needed to be affiliated w your groups arnie boy.
i rally if not the same; but more to every event I've ever done w u.
i just wanted to be affiliated to you because before; i viewed you as my best friend.
i wanted to do stuff w you like i did in Snow Elves bc that was the most fun I've had on block game in my long years of doing shit; particularly the raiding tbh
especially since i could have lead a great clan.
before i knew it, my maturity levels were bad; and i was entering a degeneracy stage of autism and very bad sexuality from all the toxicity around me. (edited)
but now that I've come to the conclusion that before i did Alik'r; i never fully tried to lead a group until then.
i could have saved the genre if i wasn't so based.
now it needs me more than ever.
but it doesn't want me; and i personally want to be apart of it- but do not need to be apart of it.
i could start my own kingdom, affiliate w the fantasy hub bc they accept literally anyone including nate
start my OWN genre
increase activity
make it fucking huge like everything i own and have.. 😞😞
and then you'll be forced to **attempt** to destroy me
everyone will
but it'll only feed me people to destroy
that's my master plan
it's my master plan!!!

(different GC, where i was showing off

Mr Yellow Today at 14:17
just piss him off an say
Yellow replaced you
because he fucking hates me

these screenshots):

Aldmeris Today at 14:17

idk man

in my perspective

you dont have anythnig to offer

i9 Today at 14:18

yeah i do

Aldmeris Today at 14:18

i got people like

yellow

i9 Today at 14:18

tons

Aldmeris Today at 14:18

who replaced all your skills

but dont have any of your shade

i9 Today at 14:18

nigga ion have any shade anymore

Aldmeris Today at 14:18

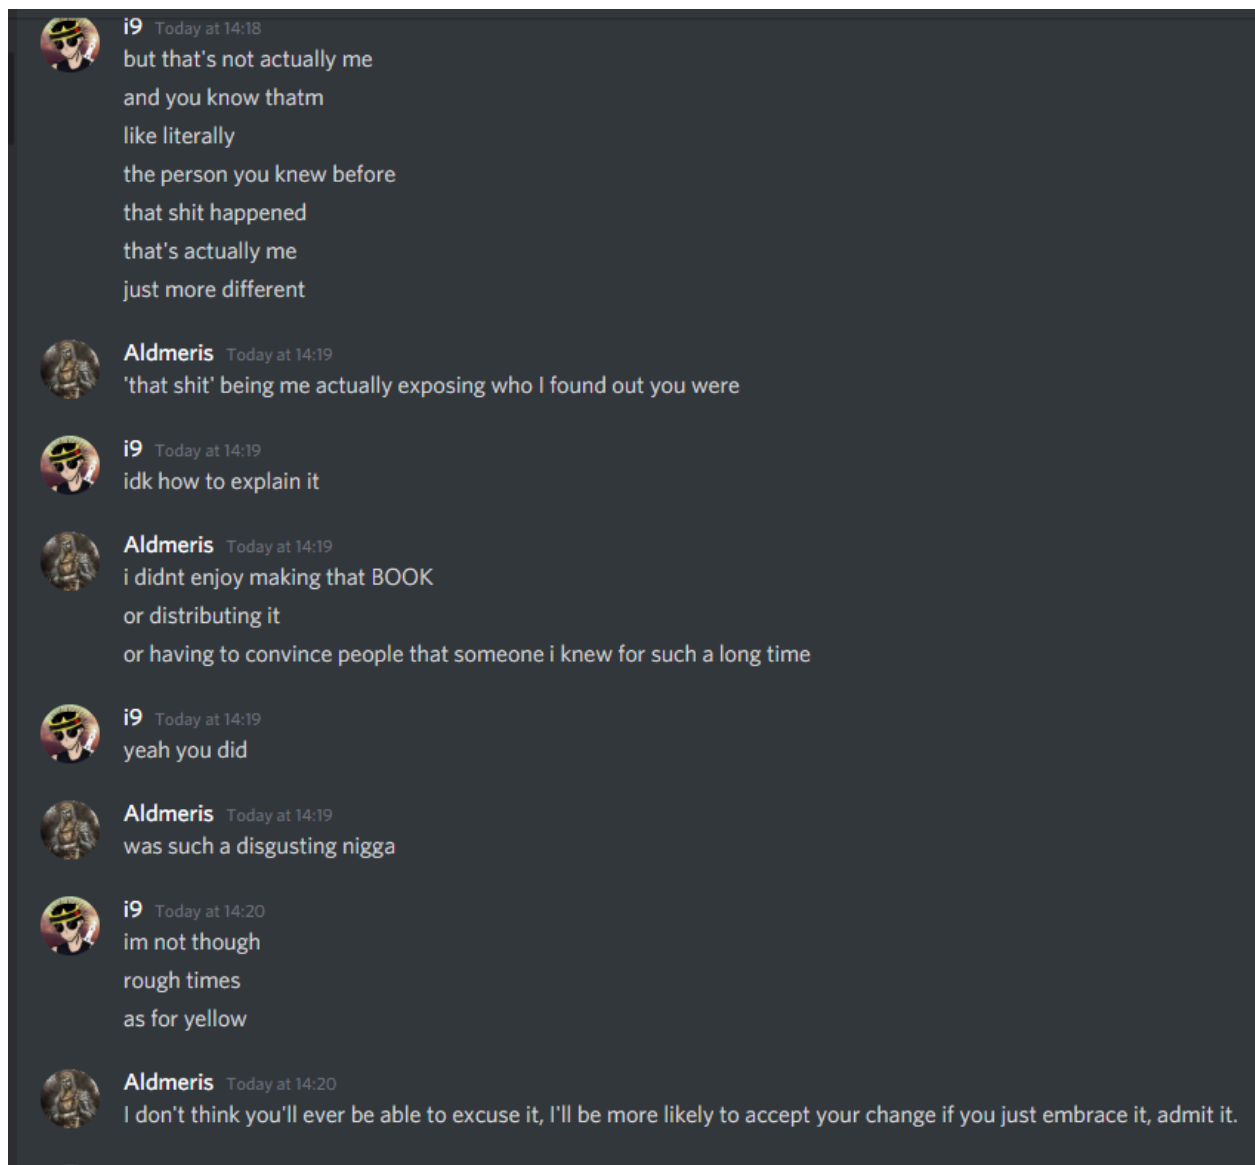

nigga u like kids

that will never leave you

that will never not be your reputation

anywhere you go

on roblox

Now this is where my tactic changes,
instead of wanting him to just..admit it, I
encourage him to embrace it.

Spoiler: I shouldn't have done that.

i9 Today at 14:20

i don't ever want to join void

LOL

i do admit it

Aldmeris Today at 14:20

rise up and "I, MICHAEL, AM A PEDOPHILE" I'd have so much more respect

i9 Today at 14:20

i already have

Aldmeris Today at 14:20

instead of trying to deny it

or say 'rough times' like some PUSSY
WOMAN

YOU SOUND LIKE A TIKTOKER

"sorriry i rape kids because i felt bad 🤪"

i9 Today at 14:21

to call me a pedophile

rape kids

your ideology

is literally fucking weird

when did i rape jolly

Aldmeris Today at 14:21

what is my ideology

i9 Today at 14:21

as for crystal i never even touched her

i sent her my abs

ooo

im such a pedophile

 @i9 im such a pedophile

Aldmeris Today at 14:22

now, admit it without they jokey tone uno

i9 Today at 14:22

i had accusations that i sent jolly my PP

im a pedophile

i have an issue

Aldmeris Today at 14:22

dont sound like a pussy

RISE UP

BLACK LIVES MATTER

i9 Today at 14:22

age is just a number in my eyes

like dead ass

Aldmeris Today at 14:22

YOU DONT EVEN BELIEVE YOURSELF

SAY IT

i9 Today at 14:22

yes i do

Aldmeris Today at 14:22

SAY IT

i9 Today at 14:22

im literally laughing rn
bc i mean every word I'm saying rn
LOL
best ones however idk
probably 16-ish
pussy is tight

Aldmeris Today at 14:23

idk man those are the biggest snitches
uno

i9 Today at 14:24

but their going into like adulthood
their horny as fuck
good for sex
most of the time aren't even virgins so usually experienced
most of the time don't care and WANT someone older
this is past experience talking
except age of consent is 16-17 so
sometimes i break the law
sometimes i don't yk
just happens
it's got to suck being inferior on a block game to a renowned pedophile
im still making my own group
nobody from that community would come near me in game to harass bc i would obliterate their group.
best warlord? me.
R15 god? me.
most infamous pedophile? me
best at leading groups to victory? definitely me.
best at getting bitches of all shapes and sizes? me.

Aldmeris Today at 14:29
precisely

i9 Today at 14:30
did i break you when you found out my darkest secret Arnie boy
did it shock you
disgust you
it made you have anxiety
did i break you
it hurt because you ENJOYED every memory with me right
let's take a step back rq

Aldmeris Today at 14:31
bro why are you being gay about it
bit weird

i9 Today at 14:31
#1 you're an egotistical piece of shit.
bigger egoo then me actually
if it weren't for me you wouldn't have had the stomach or experience or even WANT to lead groups
if it weren't for me to teach your shit tier members how to fight
your group? wouldn't have gotten so big
if it weren't for me being such a BAD ASS nigga on a ROBLOX game
i wouldn't have lead a BAD ASS Jarldom first try
with over 200 ppl in the discord; basically leading a whole fucking GENRE

Aldmeris Today at 14:33
and then u lost to arkveal

i9 Today at 14:33

at a rigged bg

i had an excuse

14:33

tbh i didn't understand fully the tech

like yesterday i knew the tech it's why i delivered you your first L at skywatch

that bg was immeasurably rigged even arkveal admitted it later on

your paladin shields also don't work their fucking useless fix them

jesus

Aldmeris Today at 14:35

they do work they just dont block fucking explosives

they block arrows doe

i9 Today at 14:36

idiot arrows are useless i assigned 2 ppl to archery
my strat yesterday revolved around all of your classes actually
especially paladin, mage, and warrior
we had tanks, support and dps
wow basically
and you barely rallied anyone
but if you had more
you would have lost even worse
you need me affiliated w your GENRE
not your group
ill do my own thing
stay away from kids
and you'll do your own thing
we'll fight
I'll probably win and it might be toxic
but in that time span
elder scrolls will revive
it's never truly been the same without me
admit it like a man
the game aspect
i will bring in a **ton** of leaders
like i always do

Aldmeris Today at 14:40

Cope

GIF

i9 Today at 14:41

you'll put me on a genre wide leash

idc

ill be your dog

but you'll let me lead in your genre

why r u so opposed to letting me lead in varlascrolls

Aldmeris Today at 14:43

I'm actually not sure

what would be your theory

why I wouldn't want you in Varlascrolls!

i9 Today at 14:43

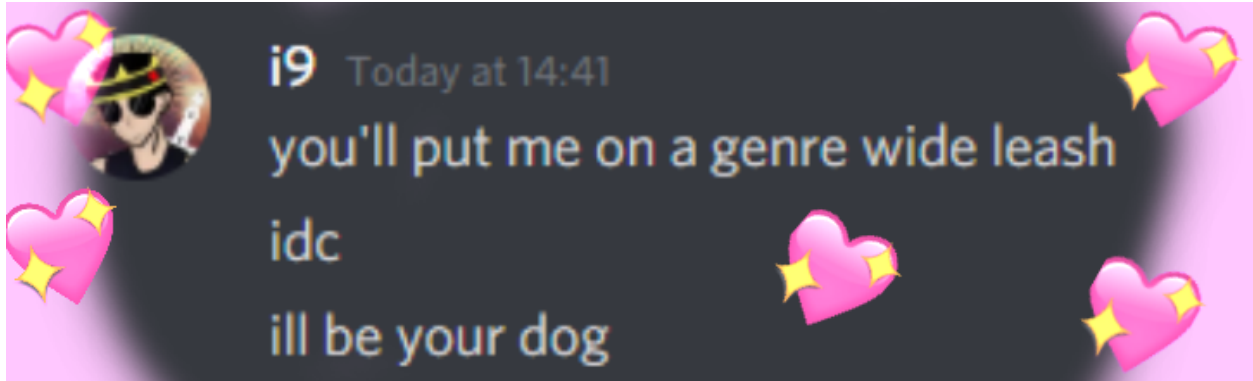

i asked you

Aldmeris Today at 14:43

And I've replied with my confusion

seeking guidance.

i9 Today at 14:43

but I'm not you therefore you should figure it out.

fucking clown.

calls me a pedophile when he's 4 years older then me associating w ppl i "raped online"

@i9 fucking clown.

Aldmeris Today at 14:44

Hmm, maybe it's your unstable temper. Now that you decide to try to insult me when I have been pretty polite the last 20 minutes.

What would this temper mean translated into a genre, especially if you'd be there for a while

things like power vacuums

etc

or if someone catches something sketchy

regarding your group

or if you catch someone sketchy

could you be trusted?

with such temper?

i9 Today at 14:45

honestly i was in your genre discord for..

3 days?

i didn't make a single argument except for VATIUS' but he's retarded and starts everything and hathios defended me without knowing i was obi

[@doc](#) as my witness

i didn't have a temper and with you im not mad or annoyed

not even irritated i just think you're a pathetic leader that only responds to toxicity

doc Today at 14:46

when

i9 Today at 14:47

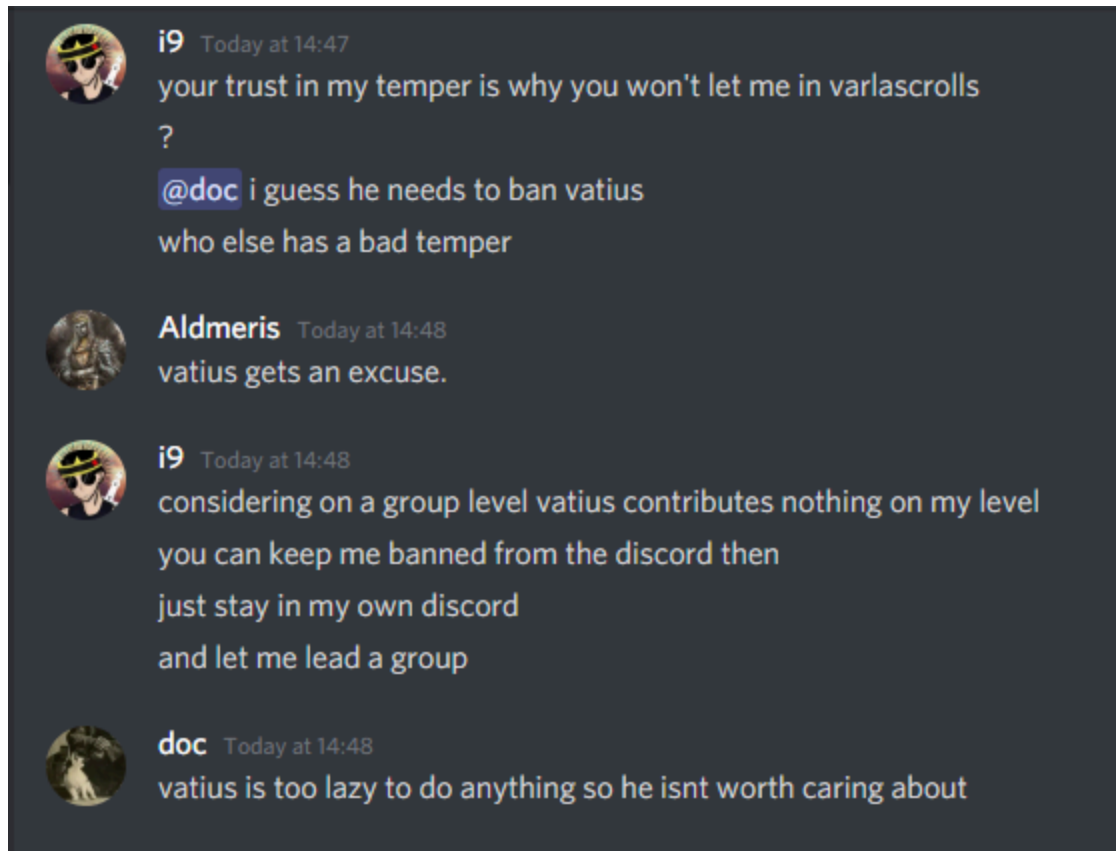

because that's all you've shown in the last hour

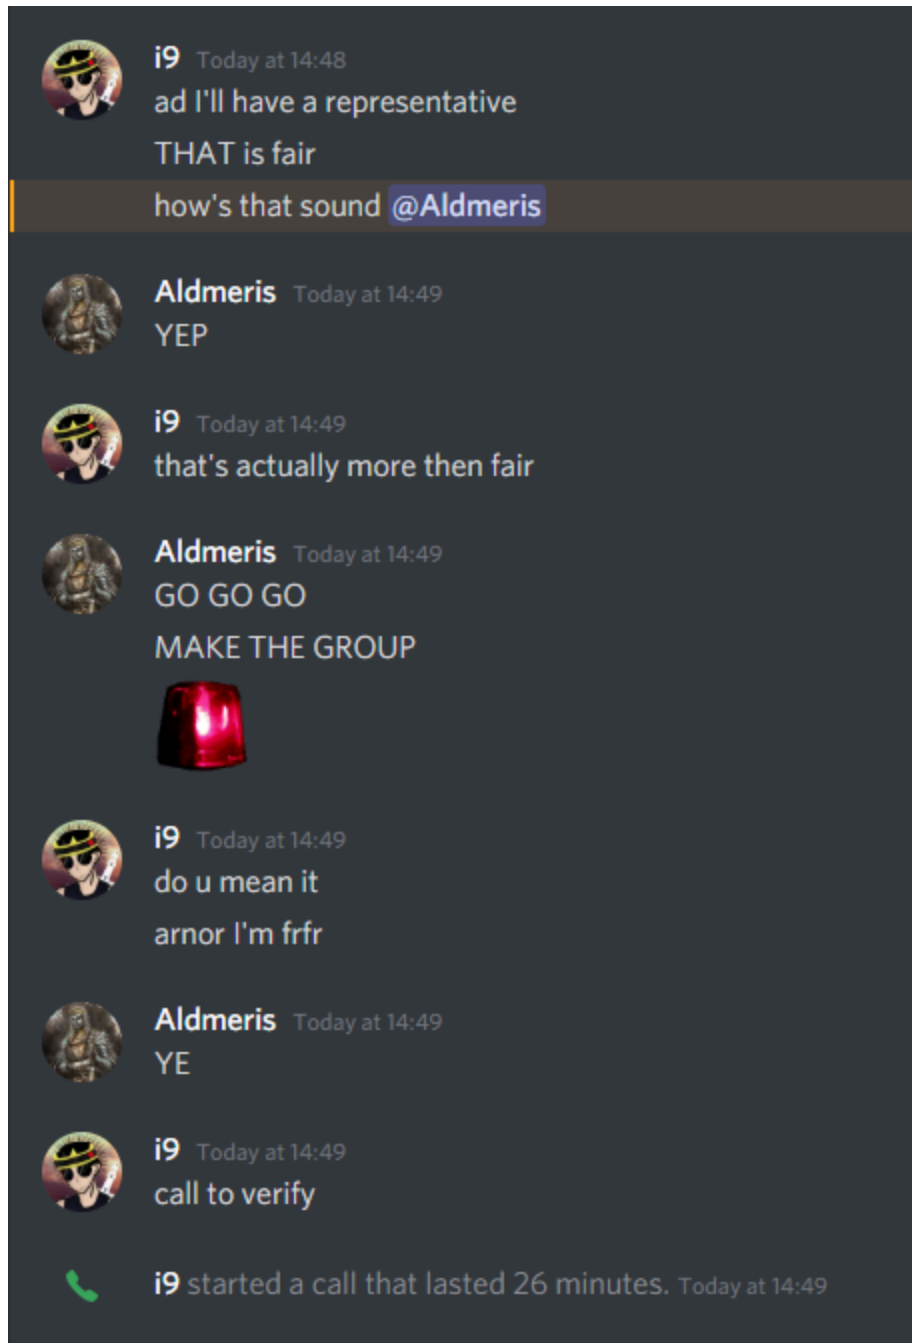

Aldmeris Today at 14:47

I wasn't referring to your antics in Varlascrolls, I was referring to the fact that I asked you a basic question and you try to insult me

that's the temper i don't trust

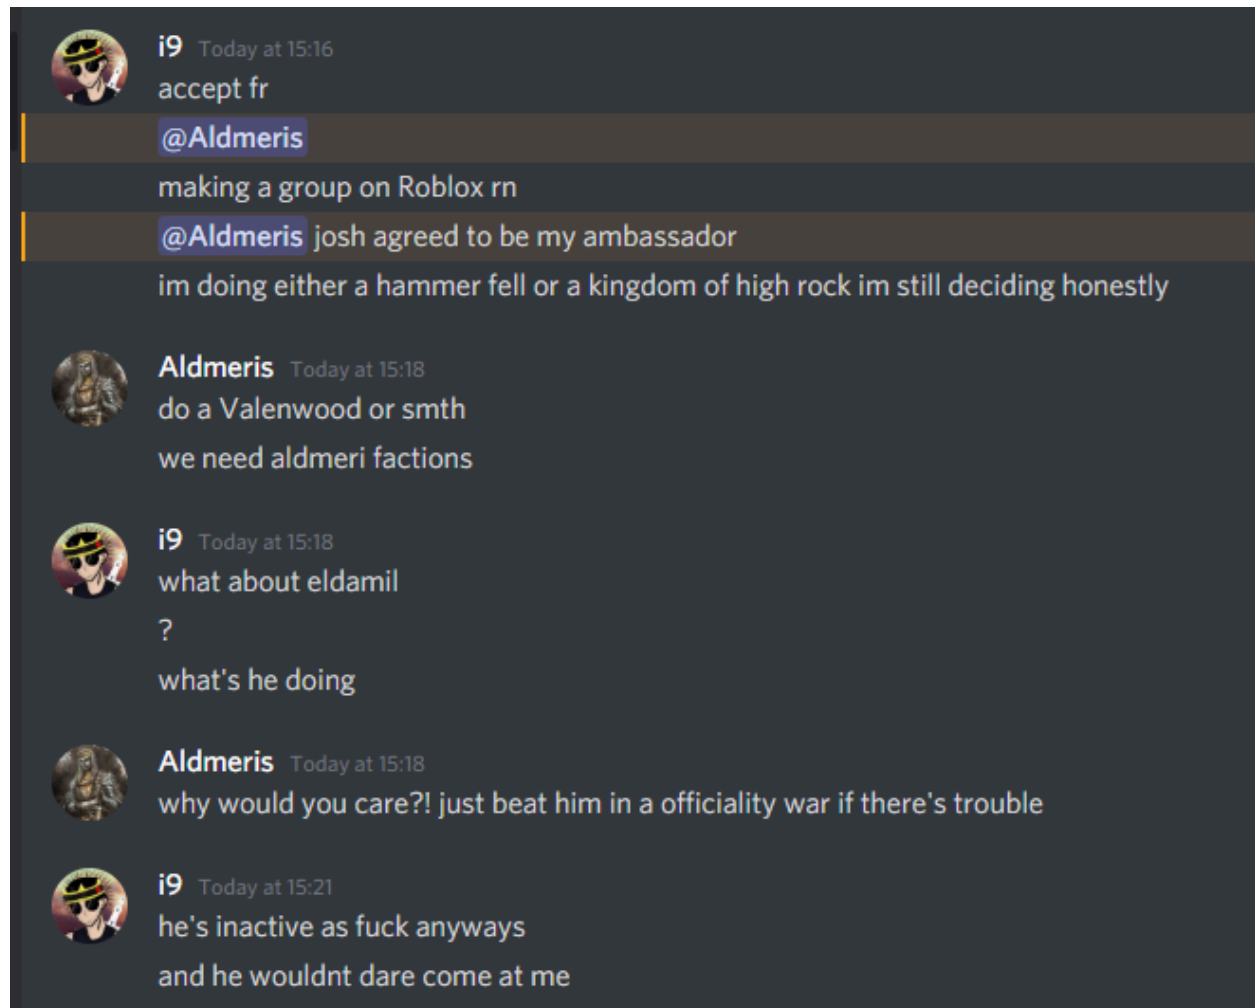

And here Obo is convinced, that he gets to lead a faction with Varlascrolls, and he decides to inform everyone of this fact.

An

agreement is made in this VC, where me and Obo establish that he gets to lead a Varlascrolls faction, with the condition

that he himself is not in the server, but instead will have a Faction Representative for him.

i9 Today at 15:22

comes down to hammerfell, valenwood, or sum else

[@Aldmeris](#)

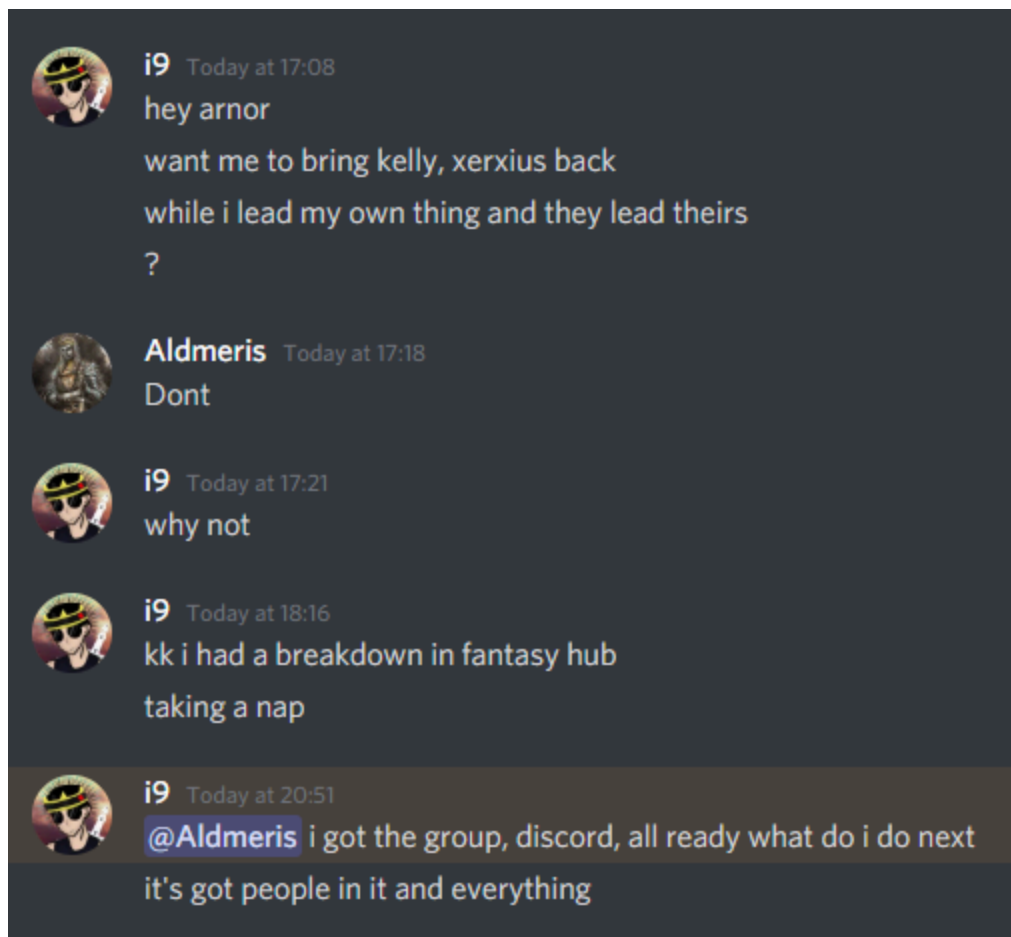

i9 Today at 16:08

[@Aldmeris](#) nigger verify joshua in the varlascrolls so he can be my ambassador

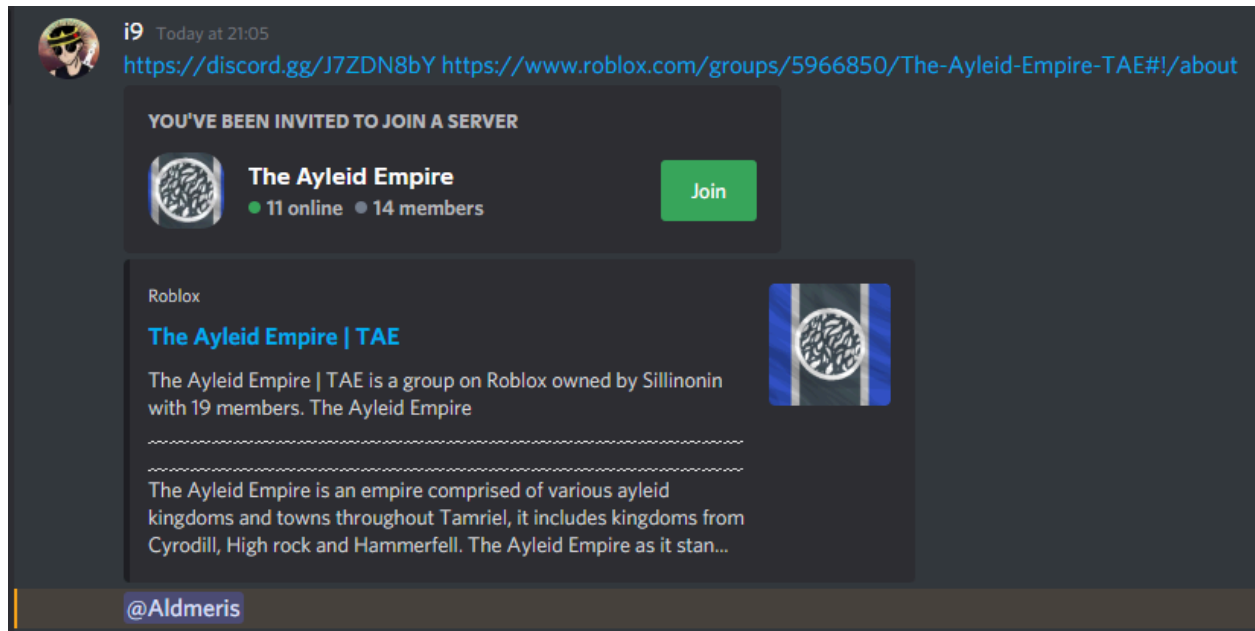

Him leaking a bunch of bases in Fantasy Hub for some reason

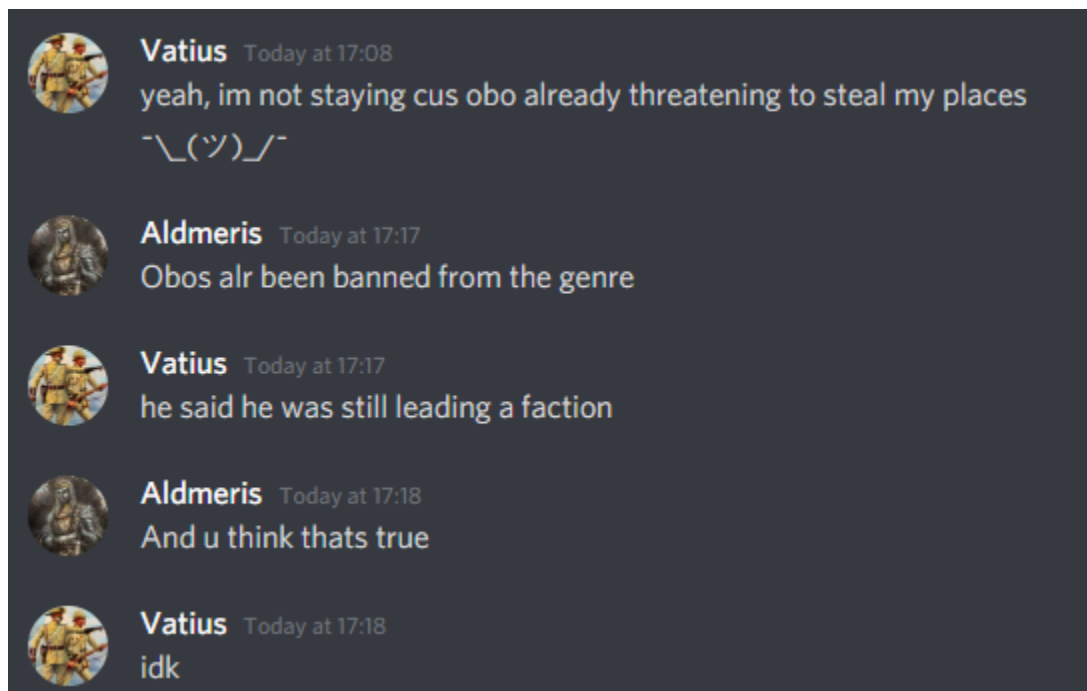

At 5pm

local time, I stop responding to him completely, now (6 hours later as of writing) I still have not said a thing, and he has spent time recruiting for his new Varlascrolls group in that time.

Obo tried convincing others he gets to lead a group, and safe to say its funny as fuck

Even after I confirmed to Vatius that Obo was

not going to be let into the genre (which was his BIGGEST FEAR) he still ragequit

anyway.

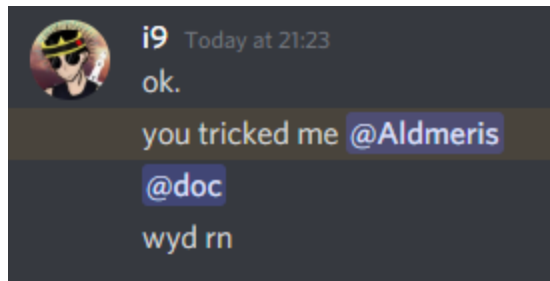

he he was just allowed back i

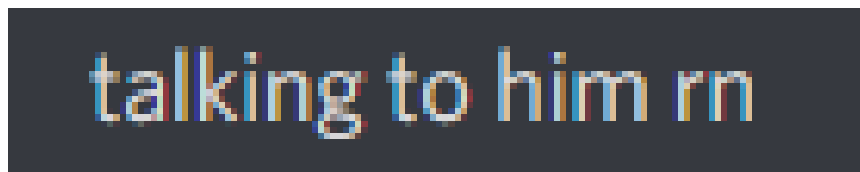

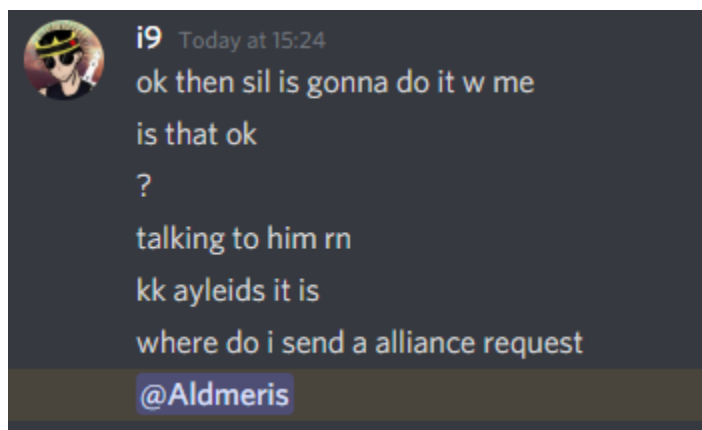

Lol
Well.
I heard from someone.
You've just offered Obo to become the leader of Hammerfall.

(another
guy, juice will come later)

At some point, Obo discovers that he won't get to lead a group.

But I want to divert your attention now to a previous message.

Do you remember, when Sillinonin said he'd get rid of Obo from his group. You would also expect him to cease contact with Obo, now knowing that he's a pedophile.

Chapter 3

Sillinonin's Involvement

This was sketchy enough on its own, and I made an ultimatum in my head that if Sillinonin wouldn't come to his senses by midnight, I would ban him from Varlascrolls without an opportunity to explain his situation, I made this clear to his Emperor.

Aldmeris Today at 15:35

Hate to bother you when you're most likely sleeping mate but

Keep an eye out for Sil for now.

Nothing serious, no stress, but I got Obo to open up a bout a bunch of shit

because even after making that doc, and even after getting him banned from Cheydeinhal and Bruma

he still trusts me 🙄

he spent like an hour in my void chat (verification area, so he didnt have access to the server) admitting to a lot of shit

he then made a GC with a friend of mine where we just baited all info we could out of him

I'll share a couple of random screenshots as highlights, since all of this is very hard to put together chronologically (also most of the chatter doesn't matter)

but yeah

again, no stress, just watch out for sil

he also said he wanted to lead a group (just like the hammerfell biz we were talking about earlier)
and again i baited him by pretending i'd let him

and he specifically mentioned that Sil is going to help him with it, and that they're talking...right now.

So, with Obo claiming that him and Sil were talking right now, it is safe to say that Sillinonin did not understand what banning Obo from his group should've meant.

I then told that to other admins within the genre

Aldmeris Today at 15:26

Sil is fucked in the head

I proved to Sil that Kol was Obo

after he brought Obo into a VC with us

he then proceeded to ban him from Cheydinhal

admitting he was in the wrong for defending him

now..12 hours later

him and Obo are working on a group

together

because I lied to Obo that he could lead a group in varlascrolls

I have like 40 minutes of footage of Obo talking, via a GC me and Doc made with him

as well as chats in Void's verification chat

i9 Today at 15:22

here i convinced him pedophilia is ok, and as soon as i do that he is a lot more open about it: <https://media.discordapp.net/attachments/722060628671332402/884443581815848970/unknown.png?width=352&height=676>

Hath Today at 15:45

Wow

So why is sill harboring him exactly

Aldmeris Today at 15:45

no clue

no clue yet.

Sill just needs to slip up

he wouldn't just tell me

Hath Today at 15:46

Obo blackmailing him or is he just fucked

Aldmeris Today at 15:46

or come forward

now that he did ban him from Cheydinhal, and then CONTINUES to co-operate him

I'll ban Sill today at midnight or smth

Hath Today at 15:46

Ya I'd still ban

Aldmeris Today at 15:47

See Sill's dishonesty just shines through

because for like an hour (in vc)

he defended obo, and tried to refute every point that tehy were the same guy

even though I showed him recordings of Kol speaking

and Obo speaking

Hath Today at 15:47

He did this with Arkied too. Said he'd back away then he just doubled down.

Aldmeris Today at 15:47

he only gave up once Obo entered the VC himself. <https://studio.youtube.com/video/EBgi80QKL-A/edit>

Share your videos with friends, family, and the world.

and then banned him from Cheydinhal

now 12 hours later he still co-operates

Hath Today at 15:49

Bet when you ban him he says you're dishonest and a liar because your original deal was just him banning obo and you can't tell him who his friends are or something like that

Aldmeris Today at 15:49

I don't think Sill will even notice

I've also informed Tiberius of exactly what Sill is doing rn
so him getting banned (an ally) won't be a complete surprise

Hath Today at 15:53

What went down in their VC last night

Aldmeris Today at 15:54

i mean i recorded it

Hath Today at 15:54

Did tib confront him

Aldmeris Today at 15:54

Nah I just needed to prove to Hyven (Tiberius was convinced from the get go, a lot of the issue regarding him was just not knowing who the fuck Obo was because he is new to the community)

Hyven was steadfast that Kol and Obo

were not the same guy

even though I compared recordings of him

Hyven's solution? Bringing Obo to the VC

I record said VC with Obo, Hyven, Tiberius and myself

Hath Today at 15:55

Aldmeris Today at 15:58

he initially

held his position of not being Obo

until me and Doc used a funny tactic where we pretend pedophilia is OK

and he just opens up completely

Hath Today at 15:59

How the fuck does that work

He couldn't see he was being trolled?

Aldmeris Today at 15:59

A couple of hours later, Hathios and Sillinonin decide to have a chat, this is around 3 hours before I was planning to ban Sillinonin from Varlascrolls unless he could prove that he was getting rid of Obo.

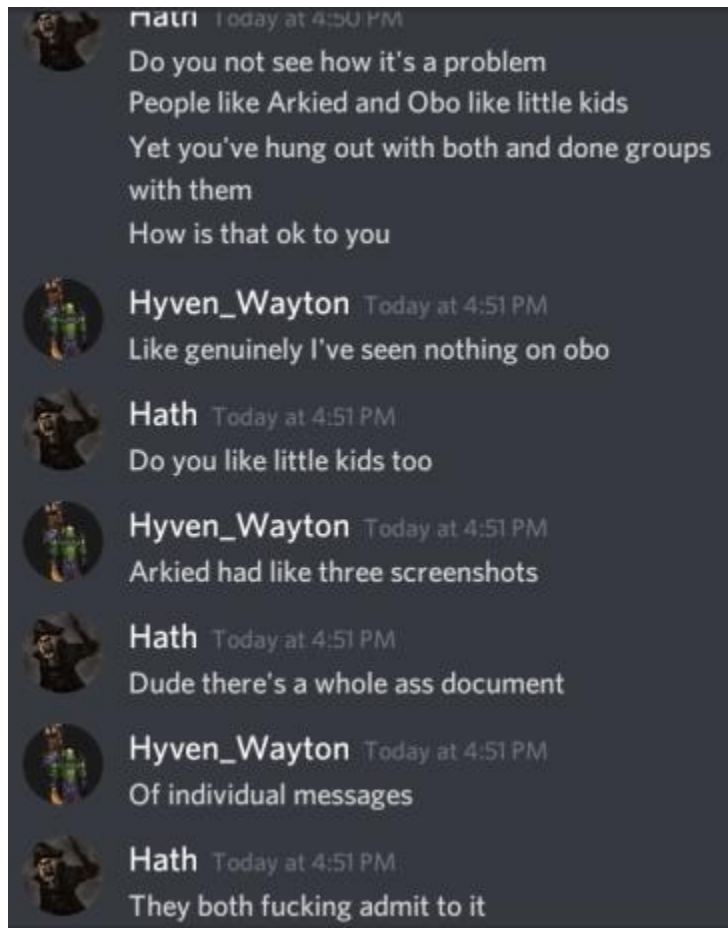

The things I say here, are paraphrases, which I said to Sillinonin in VC that I didn't record.

(copy pasted because the screenshot is small)

"hyven, would it be the thickest ice for me to stand on, to really blame the loss of the raid due to the fact that one of your members was a pedophile, would it not be more logical and reasonable for me to blame literally anything else, because if I was salty about the results of the raid I would've had thousands of other excuses lined up, things

like blaming the tech, complaining about the balance of numbers, and numerous other popular things. Would it be reasonable for me at all to blame the fact that I lost a raid due to a guy who likes kids and that gives him superpowers"

Now, a note to take away from here is this person named Arkied.

Who is Arkied?

Arkied was one of the first people from Fantasy to be outed as a pedo, those who have been in fantasy roblox since around 2018 are all aware of the Arkied drama, and that is basically the Obo fun time of their era, he was a known dodgy person, and an outed pedo. The details of this situation I am NOT completely aware of, I never wrote an 'Arkied Fun Time' or anything of the sort, all I know about that specific thing is what others have told me.

The reason why Arkied is brought up here is because of Sillinonin's history with him, especially after Arkied was outed as a pedo. In january 2021, Arkied launches a genre called Elenia (if I remember the name correctly). In that genre Sillinonin decided

to lead a group called Eri 'Aethel, and he was constantly told two things.

1. That he was going to be betrayed by Arkied (Arkied was the group holder, but Sillinson led the group himself)
2. That Sillinson is in a dodgy position for openly working with a pedophile.

Sillinson would constantly ignore or attempt to debunk any confrontation against him, not with facts, or proof, but instead trying to diminish the situation or ignore it, here are more screenshots of the conversation between Hathios and Sil.

A Prophecy

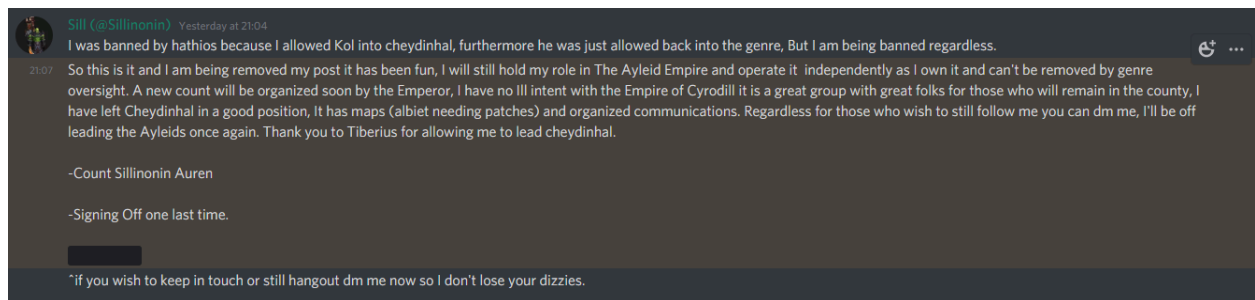

Take note of this very specific thing
Where Sillinonin absolutely refuses that
the Obo Fun Time exists, or that he's seen
it.

After being banned by ****ME**** in
Varlascrolls, he blames Hathios for

banning him because Hathios blocked him after their conversation.

Sillinonin then hops on the Cheydinhal discord, to inform people of the situation.

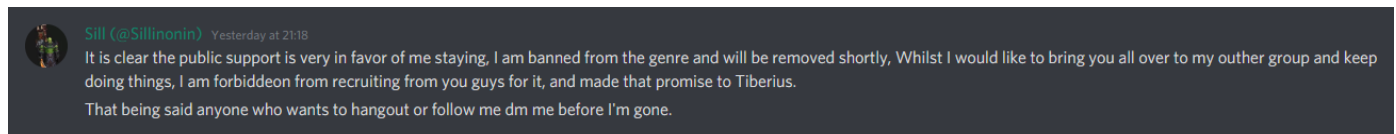

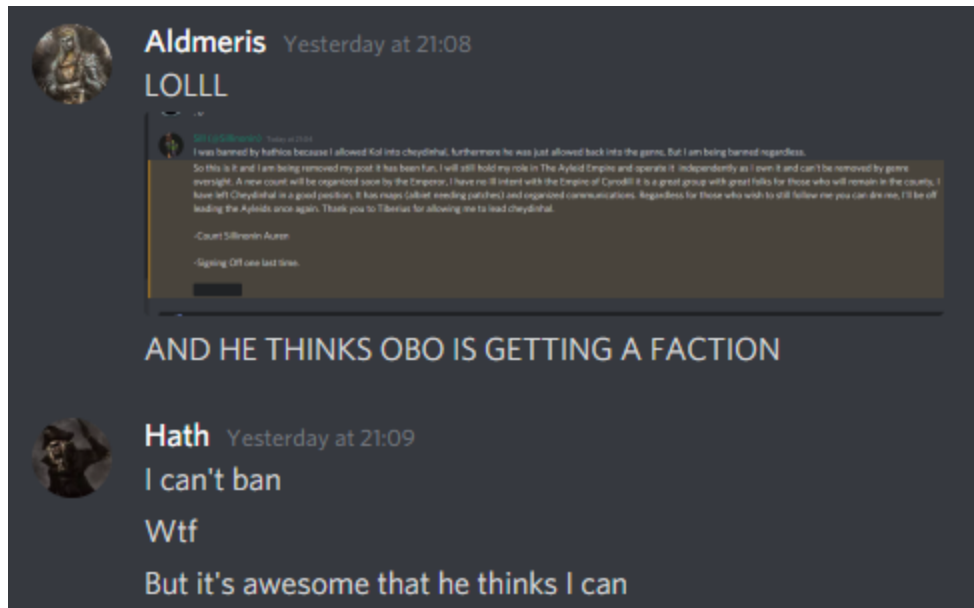

Copy paste because the text is small:

“

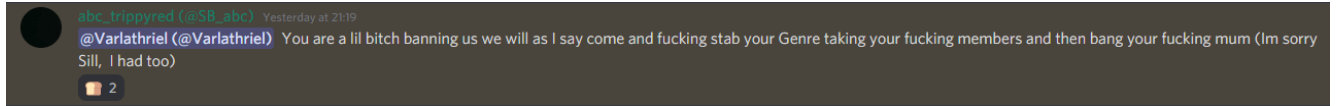

I was banned by hathios because I allowed Kol into cheydinhal, furthermore he was just allowed back into the genre, But I am being banned regardless.

So this is it and I am being removed my post it has been fun, I will still hold my role in The Ayleid Empire and operate it independently as I own it and can't be removed by genre oversight. A new count will be organized soon by the Emperor, I have no ill intent with the Empire of Cyrodill it is a great group with great folks for those who will remain in the county, I have left Cheydinhal in a good position, It has maps (albiet needing patches) and organized communications. Regardless for those who wish to still follow me you can dm me, I'll be off leading the Ayleids once again. Thank you to Tiberius for allowing me to lead cheydinhal.” “

“

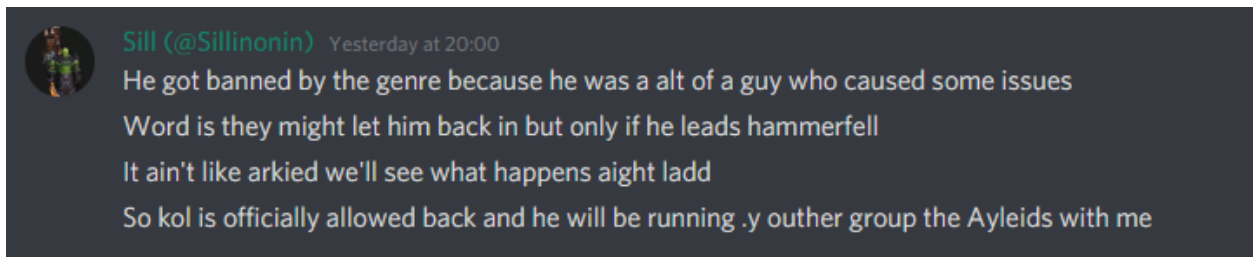

Sillanonin's marshals would go on to spam the Ayleid Empire link posted by Obo in the GC, rallying together under this new Ayleid group that they think is going to be accepted into Varlascrolls after I ban Cheydinhal (note that i didnt ban cheydinhal, only Sillanonin (and he still blames Hath for it))

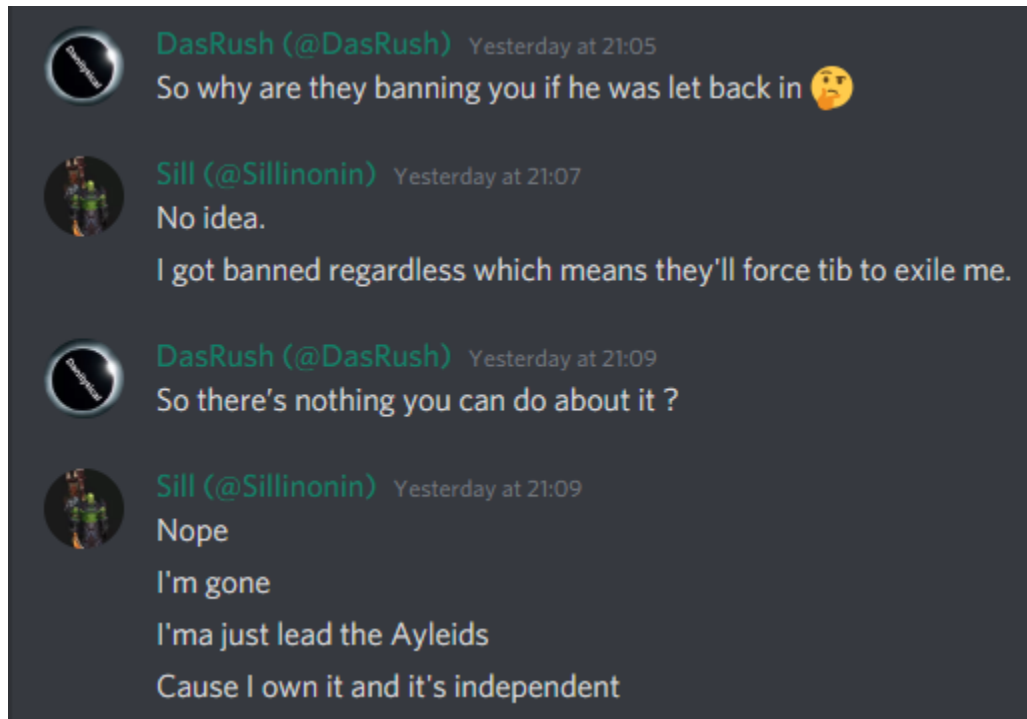

“@varlathriel you are a lil bitch banning us we will as i say come and fucking stab your Genre taking your fucking members and then bang your fucking mum (im sorry Sill, I had too)” - Abc_trippyred

What a legendary guy.

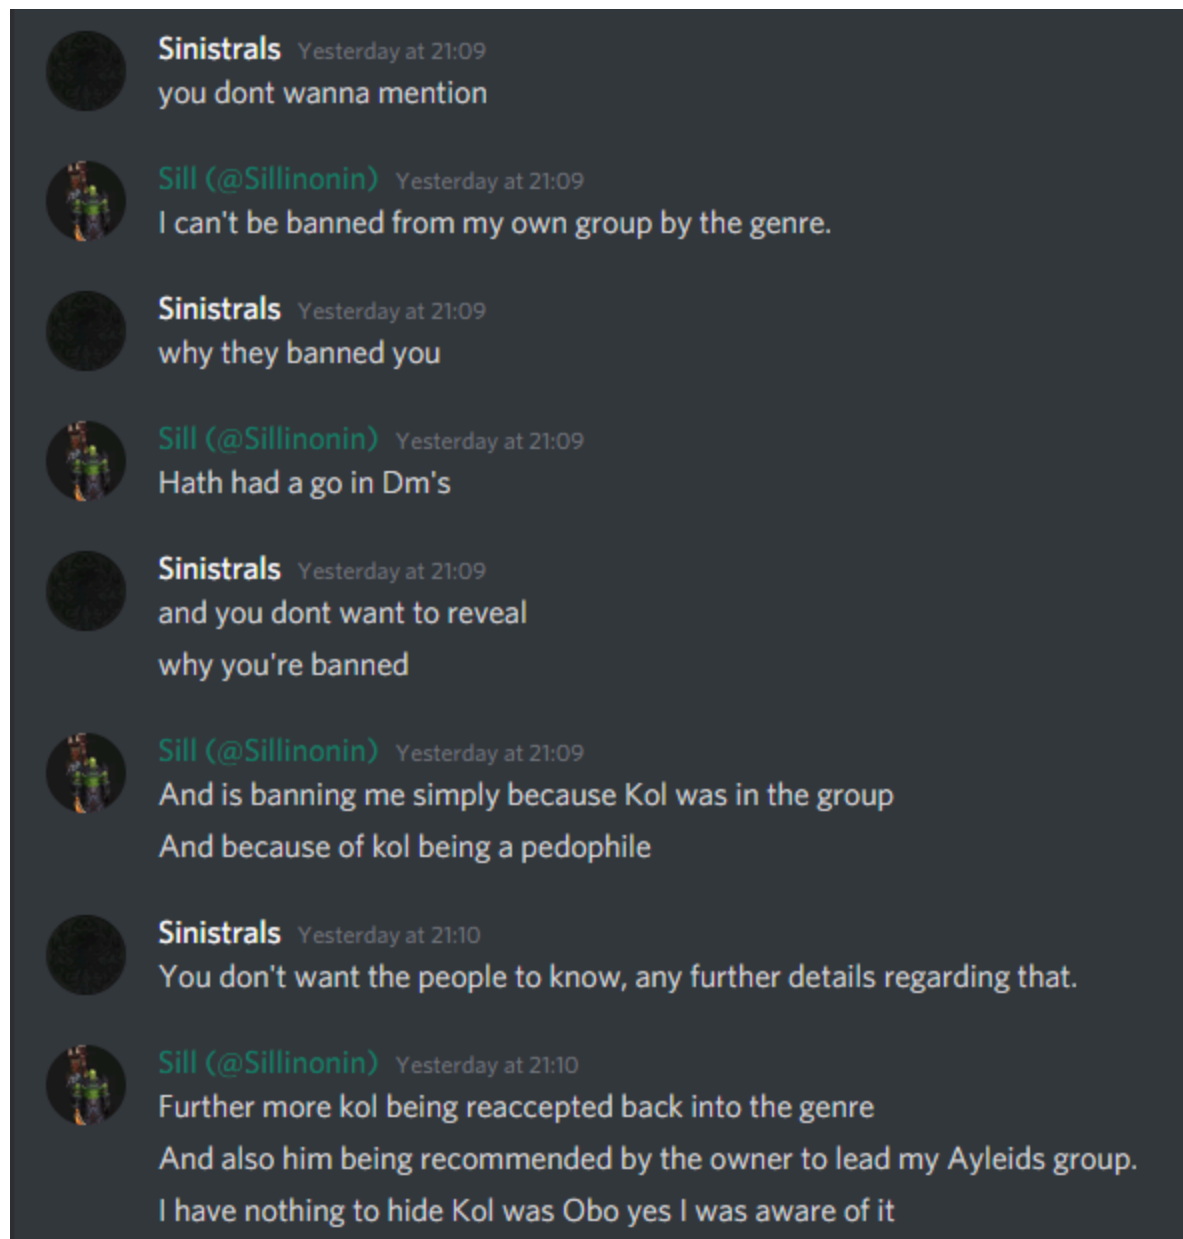

Here Sillinonin is informing the peoples of Cheydinhal that Obo is going to be welcomed back into Varlascrolls with open arms, this is about an hour before the announcement of Sill's ban.

And this is their general chat when he DOES post the announcement:

someone questioning why Obo is allowed back in (WHEN HE'S NOT XD) and Sillinonin is banned.

Sillinonin tries desperately to ignore any reason why he should actually tell people why he's banned, or why Obo is banned.

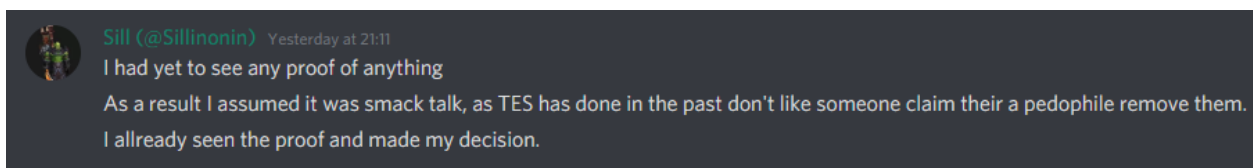

I have nothing to hide Kol was Obo yes I was aware of it

Remember his stance in the beginning,
that Kol and Obo

Were absolutely not the same person. And that he knew that because he had listened to his voice.

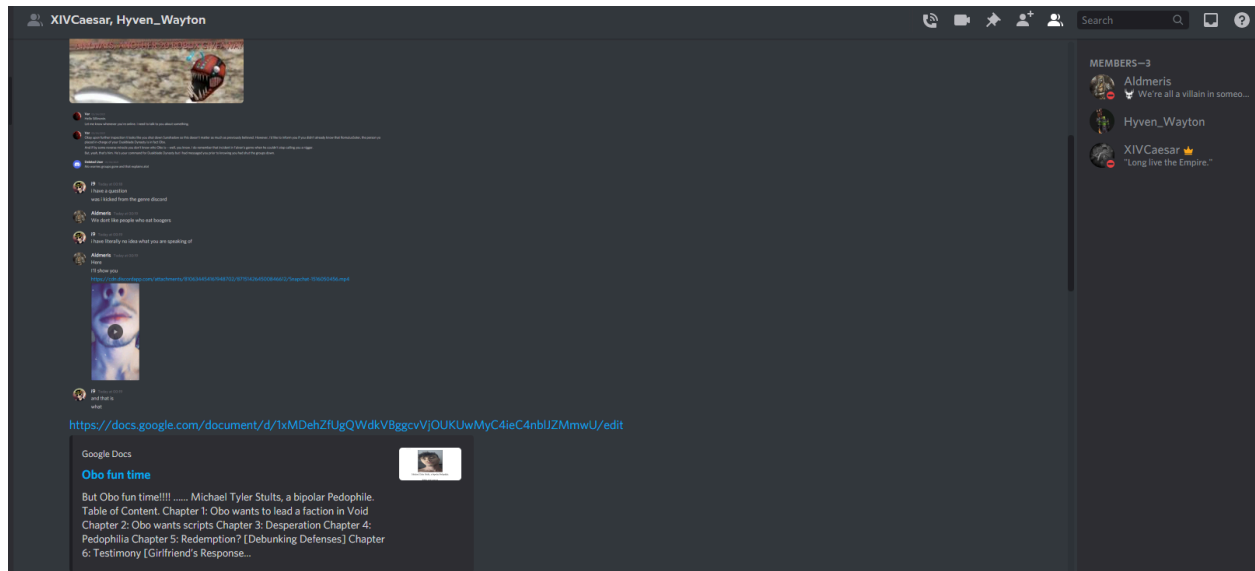

Then outright admits that he hid that fact (i dont know why the fuck he would even say this, seeing how I'm in the server).

This is my favourite moment
Out of all of this.

He hasn't seen proof

He also said this to Hathios, that he had never seen proof, and had never seen Obo fun time. Do you remember when me and Hyven/Sillinonin were in a group chat And I sent him the link to Obo Fun Time?

Yet he had never seen this.

Now behold this legendary clip:

https://www.youtube.com/watch?v=olPZzqVH16Q&ab_channel=Korial

The document is posted in his channel,
now that he claims he had never seen it.

What do you think Sillinoi does, now that
the proof is in front of him?

He bans the person that posts it.

i9 Yesterday at 21:39

@Aldmeris let's set up more raids

it was fun.

thru my new group however

not thru the genre

your ppl r pretty fucking salty

also hathios banned sil so you just lost cheydinhal aka cyrodiil.

you should really pick and choose your battles i could literally make my own genre with actual leaders

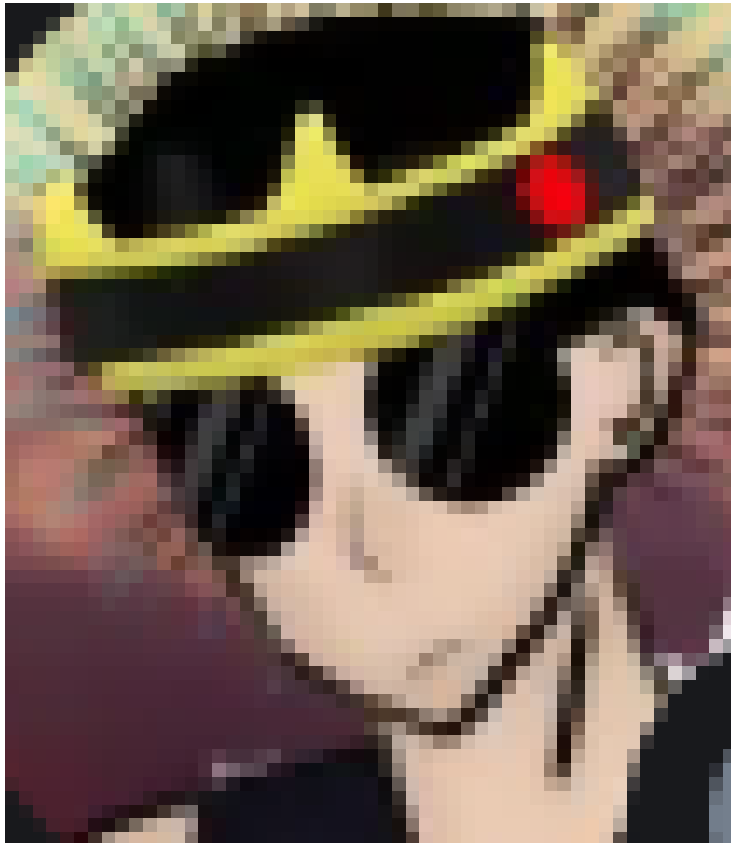

show them that document you made

and they literally will not give a *fuck*

everyone i affiliate with already knows about said document

and really does not care

about said document

Gluttony.

For now, this concludes the saga between Sillinonin, Obo, and their recent Elder Scrolls antics.

What will happen next? Is either Chapter 4, or an Obo Fun Time 3

Varlaout.

13/09/2021: What happens next is Chapter 4. Because we fucking need one

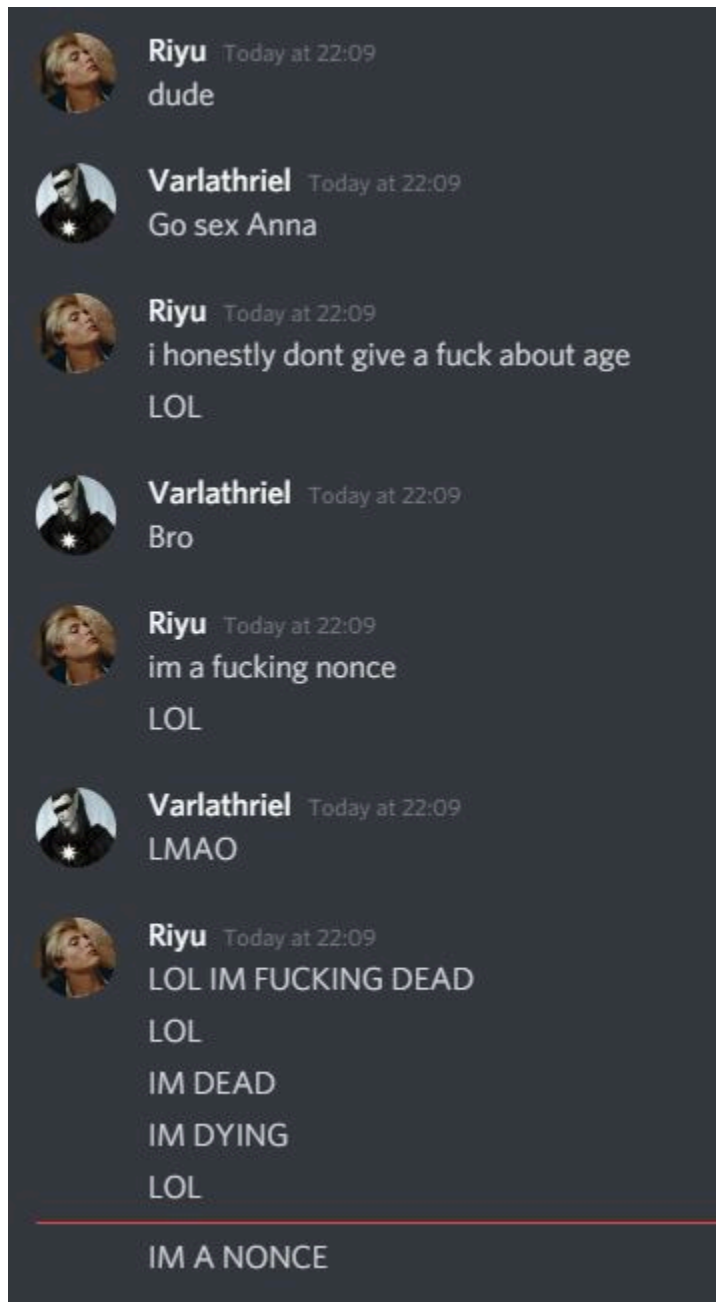

Chapter 4

The Hijack

(disclaimer: this chapter doesn't include a lot of pedophilia, but has a lot of scummy shit regardless)

With Obo now on the loose in positions of power, and Sillanonin being deemed a person on the hit list as well, his groups are promptly overloaded with spies and alts.

Before going further into the current situations, I want to start with a screenshot that dates back to February of 2020, the only reason for this screenshot being here is to convey the message that Obo isn't accidentally a pedophile, or a guy that just 'slipped up', but rather has always been like this, and will always be like this.

A conversation about a year and a half ago, between Riyuja (Obo's old account, current name of said account is NotableMike) and myself, Varlathriel.

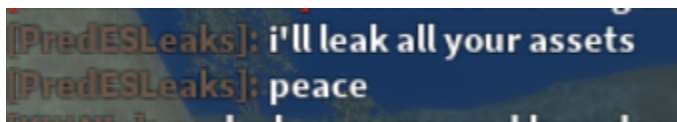

The point of this chapter will be to showcase two things:

Obo's inability to control himself, to differentiate when he's being baited and when there's just a normal conversation.

The second thing is how vulnerable and easily broken Sillinonin is, and how easily all the points he'll ever make collapse.

Sillinonin throughout this saga will come across as the cunning unpopular schemer, someone who is smarter than Obo but won't get as much attention, and therefore none of the flame that would ever come with this.

7th September: During a raid between Northpoint and Dovzaag: Obo is seen on an alt called Pred where he is jumping in-game and stealing maps via Synapse, the fact that I just guessed this off the bat was funny enough to me but it did happen.

[PredESLeaks]: i'll leak all your assets
[PredESLeaks]: peace

(read the chat) Obo admitting on an alt that he has stolen the Northpoint place and is gonna sell it:

https://www.youtube.com/watch?v=3Wie59TmvU&ab_channel=Korial

i9 07/09/2021

ayleid empire is completed
need an all clear from you
otherwise i'll do my own thing
and ask to raid you from time to time
or whenever you want to get your ass kicked group-wide (edited)

He's too retarded to tell if you're ever baiting him or just talking to him, so by giving half assed responses or seeming interested in the conversation will often just make him spew out info.

Damn Obo I would've thought you'd just...tell me instead of asking me.

i9 07/09/2021

i don't care what sil says about ancane

thing about this is that Obo's only defense recently is "look, varla is a pedo too" because i said the girl looks 18. When, well, we baited him.

Unfortunately for the rest of that specific day, nothing else happened except for us just messing with Obo with shit like this

The Dubai Duty Free Tennis Championships

Holidays are the simplest way to kill all accumulated stress and negative energy. Visiting new places fills you with new ideas and thoughts grimo had before. For holidays to work most effectively for you, you should plan to elevate. If your idea for this vacation is movies, then Middle East and UAE could be your perfect option. There are plenty of options like Sharm El-Sheikh, Dubai Safari, Burj Al Arab, deep sea fishing etc. A brilliant idea would be of taking some professional help since you would yourself be in an area that you can. This is the time when you are a child away from all the responsibilities.

On Wednesday, DuOne was already released with 904 prints in G8 screens in Germany, 300 screens in South Korea, 20 prints in Taiwan and New Zealand, 75 prints in Russia, 79 prints in the Gulf East, 344 prints in USA, 11 prints in Australia, 282 prints in the European union and 49 prints in Canada. It has grossed \$6.5-cr in UK, \$6 specific 5-cr in USA, \$6.1-cr in UAE, \$6 40 here in Singapore, \$6 15.2 here in Australia.

There you have the cost of time and age. Just how that value? The world's tallest building in Dubai is a massive symbol of the progressive nature of the country, slowly planting its image a world's eye. In fact, in any top twentieth-first-century connected with tallest buildings, Dubai features top in that percent all. They are truly spectacular 'new' buildings, one with crown on top that lights up at night-time. One has lights striding along the front, another, and however this is jaw-dropping, then have a third perspective facing southeast states. The building then manages to relate in the latest methods the world have features 40 floors higher simply because went there at the top the have for affiliate marketing. The beautiful Burj Al Arab is the most iconic of towers where Fodor's played Agent along at the helped on the top bar. Being it isn't.

The capital of The National has the report for your review. Abu Dhabi is famous for its scenic beauty. Luxury comes naturally in the retirement of this particular city. Being the capital, it also happens sharing a trade and cultural look. The rich oil resources of emirates have added splendour to the wealth for this city. With almost 25 billion barrels of oil left with the UAE, anyone can only expect that the aristocracy present here will reach new heights.

I did the Abu Dhabi total primary. I just wanted to get in the rhythm. In RJ suggest way to get good at competition in order to use computer. Control it, do it once I go. You require to do it all the working hours. Anyway, I was my weight and placed there in the open weight division. I'm like I will cut jump in there and face those enemies.

Monday, August 1 marks the date of the Hungarian Grand Prix may then and the Belgian Grand Prix on Sunday, August 15 to 19. Dollar and gold prices move in the opposite direction, whereas gold and euro move down. So, if euro and in crisis, here are some new issues for gold in the long run. Over the last years, there has been correlation of +0.32 among gold and pound. It is expected that this correlation might even rise even more.

One side note because he'll mention this alot, is Mobile Combat. This will be one of the funnier sides of this document:

He keeps blabbering on about development, not realizing we don't give a shit. The mobile development

is the funniest part of it because through the course of this group chat he will talk about it like 7 times.

i9 07/09/2021

sorry

Joking about pedophilia, that will be a very funny joke in like a couple of more screenshots.

I'm not 24
btw idk why Obo is this retarded.

i9 07/09/2021

i exceeded you at that skywatch game where i beat your ass
so hard

150-119

you've never actually lost a raid in void that hard have you

Aldmeris 07/09/2021

president of cuba

i9 07/09/2021

i've been to void raids where you've lost
you had mercs

on your team

hathios

alleged top 3 in the genre

heahmund

you

i mean crystal was there

but she's cannon fodder

terrible

also i just
have no fucking clue what he's on about, I could count

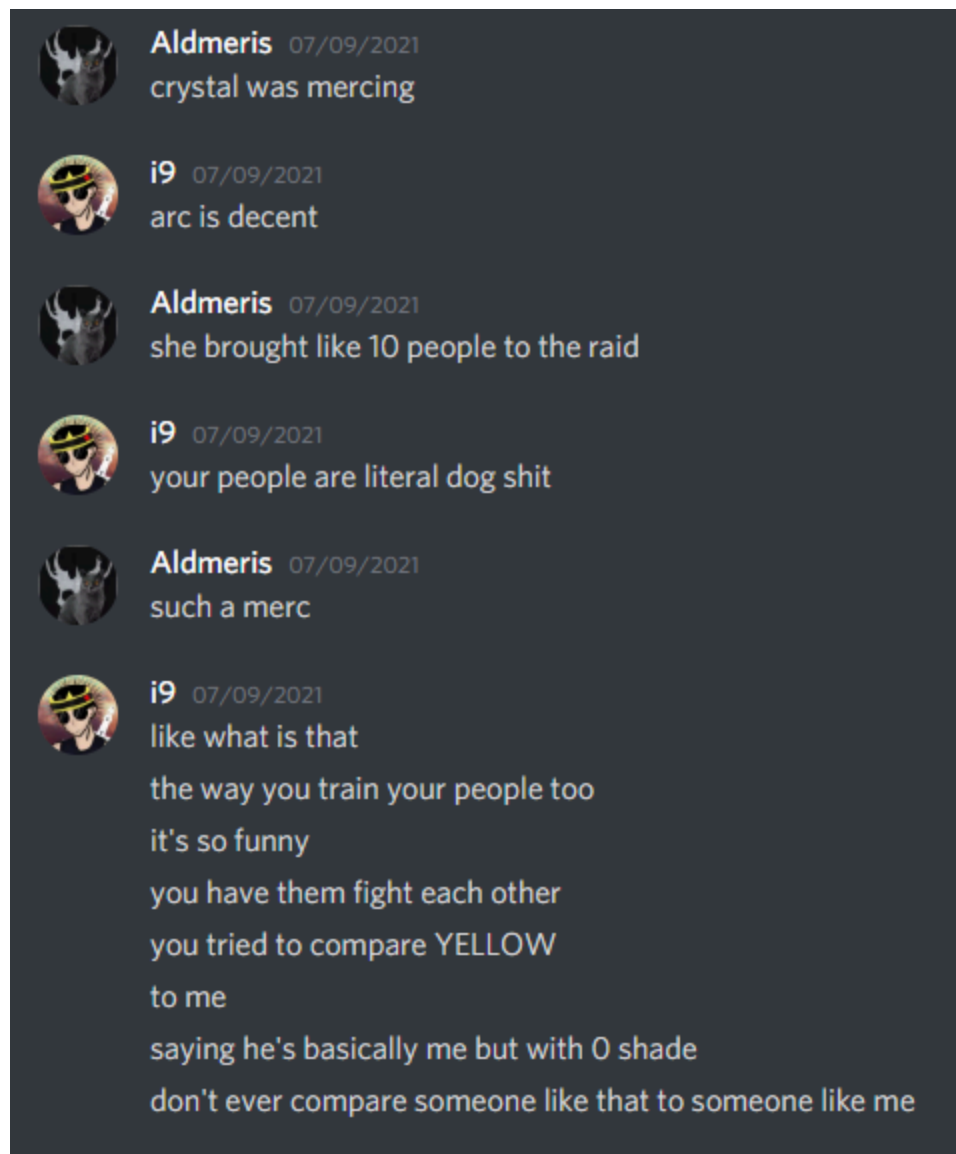

at least 10 raids where we lost by like 50, or even 80 points.

Our biggest result loss was 120-200 against Worm Cult, but in reference purely to the rate (%) it was against Daemonium 27-100.

Following screenshot is from the ‘future’:

Back to ‘present time’, So this will just be another funny rant of his.

If its not obvious, I'm obviously joking about Crystal mercing, it is just to dismiss the idea that we actually merced or not. Here's the truth about it, we were outnumbered by like 15 or 20 people, so I asked a friend of mine who was online if he wanted to come on for a raid. 1 friend. Now I want to remind you that in the beginning of the document we were only meant to be raiding 9 people,

how on earth can we be outnumbered by 15 against 9 guys...Turns out Obo might've merced, weird accusation.

i just want you to know
that your ego is bigger than mine.

Aldmeris 07/09/2021

sorry i'd like you to provide proof before you accuse me of saying that

i9 07/09/2021

i don't need proof

you put someone like tiberius as a leader in your shit "genre"

Aldmeris 07/09/2021

yes you do, i'm requesting it and i'm the Void King

i9 07/09/2021

if you can even call it

nigga

i'm the ayleid emperor?

i beat your ass?

you're no king?

you're a HERETIC

i9 07/09/2021

yeah i just leaked your entire bg map

LMAO

with scripts and everything

bruh i even stole your stud counter

Aldmeris 07/09/2021

wait you can even steal scripts?

i9 07/09/2021

yeah.

it's a new thing with roblox

but yes i can

i can show you?..

but i won't teach you.

bc.. LOL.

Aldmeris 07/09/2021

nigga you should steal one of those like

bigass games

and then like edit some of the GUIs

and make some cool shit

again Obo just cant
tell when he's getting baited or when people aren't
interested in the conversation.

i9 07/09/2021

i already have

i have so many programs and gui's
from top page games

Aldmeris 07/09/2021

like really why even waste your time trying to steal STUD COUNTERS instead of something that's actually cool

i9 07/09/2021

it's not even funny

i'm just telling you

what i did

dumb as

i stole your entire game

Aldmeris 07/09/2021

oh fair enough

i9 07/09/2021

workspace scripts

all of it

there's so much shit nwo with exploiting

that bypasses FE

it's not even funny

you have to pay to use it

but still

Aldmeris 07/09/2021

i9 07/09/2021

it's pretty bad ass

]personally i don't usually do this

but i don't like you

and i especially don't like your group

Aldmeris 07/09/2021

that's pretty weird

i9 07/09/2021

and i'd rather see you suffer, and burn in your own gravel
then let your genre have success
in fact

Aldmeris 07/09/2021

burning in gravel

i9 07/09/2021

i can ddos roblox games
i have a botnet
that literally lags out roblox games
until everyone disconnects

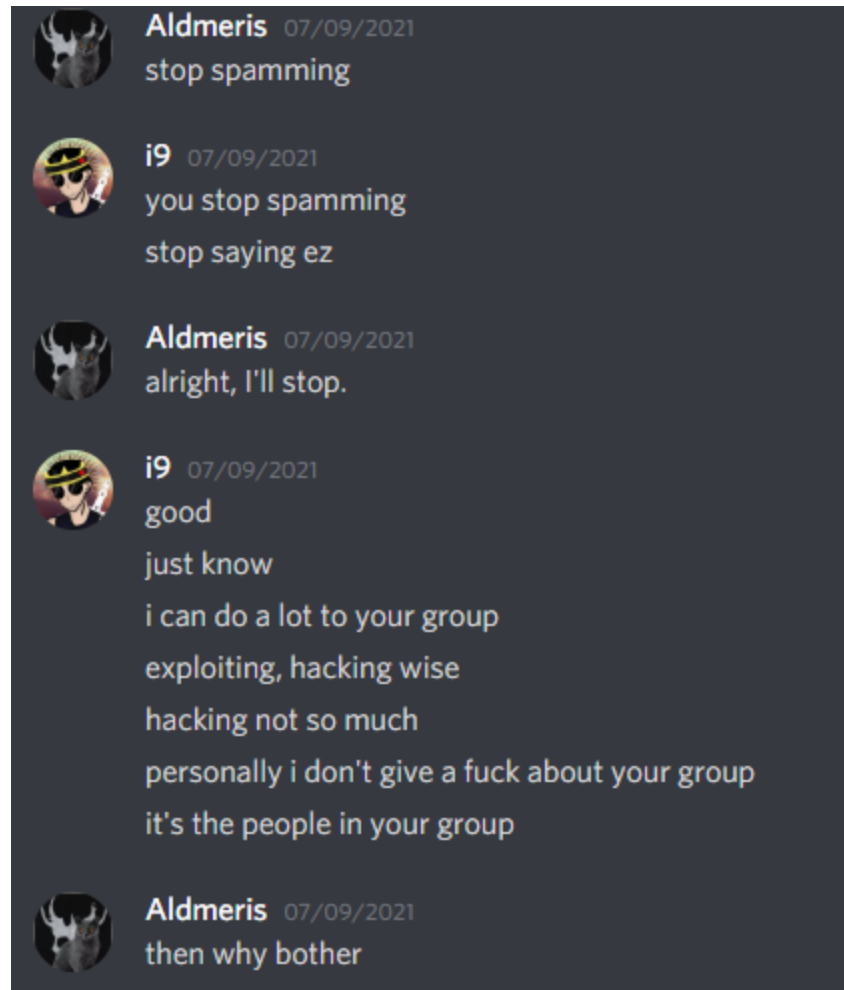

Aldmeris 07/09/2021

yeah ik the guy that is like

and if you think i'm lying

Incoming Obo

threat.

Aldmeris 07/09/2021

was that a mistake?!

i9 07/09/2021

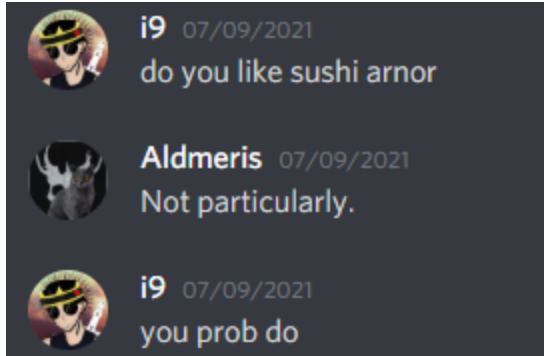

your excuse to me was
i'm not having this conversation with you

@Aldmeris Yeah dont challenge a raid when my group is asleep (edited)

i9 09/09/2021

nigga I'll challenge a raid with you at fucking 2 AM EST when 90% of my ppl r still asleep and I'll still out-rally you.

dead ass void empire

you lead a garbage group

fucking Matheus could destroy anyone in your group

i trained a mobile player that could beat anyone in void (edited)

he's a trog

good to know. trog is dead for a reason

ppl will try to harass my group but won't ever raid me on the block game they hate me on

sometimes i feel like the fantasy hub preaches about immersion and activity and all that shit

getting new leaders

yet they are hypocrites bc they've lost their way and basically became discord clans

Aldmeris 09/09/2021

nigga mikkjr banned me from fantasy hub because i made fun of him for losing a raid

i9 09/09/2021

their social aspects became basically discord

think about it

Aldmeris 09/09/2021

its not that deep

they]re just retards

i9 09/09/2021

you made a doc about me on discord

yes it is

you made a whole book on me

that book was your life for at least a week

had to have been

you took out the greatest leader in ES

instead of helping him back to his normal self

its called a social decline

that's probably what turned you into an asshole

i saw you wrote a whole page about me wanting to lead a whole clan

honestly i understand why you didn't let me but you were a dick about it

you didn't see me writing a 127 document because you upset me

honestly anyone that takes the time to write such big documents about people on Roblox for sexually harassing minors
leaking public information

you're exactly who I'm referring to when it comes to hypocrisy

in this community

Aldmeris 09/09/2021

weren't we talking about fantasy hub

i9 09/09/2021

it's ES too

you want leaders

you want raids

battles

not development and tech

you want both

perfectly balanced

that's always what I've done

i got 4 kingdoms lined up in ayleids

that mobile shift lock is done btw

we developed a mobile blocking system as well

why?

because we're better.

we hosted a internal kingdom battle

rallied 20+

all of them are a mix of my Alik'r, sunshadow and dark brotherhood

and kingdoms from our ppl

i also made my own elder scrolls genre

kidding

Aldmeris 09/09/2021

thats insane

20+

in only 5 days

that mobile shift lock is done btw

we developed a mobile blocking system as well

why?

because we're better.

he wont fucking stop

i9 09/09/2021

that's what happens when i lead a group
we rallied over 25+ at the height of our raid against you
but purposefully didn't team all of them in bc it would be overkill
cheydinhal was less then a week old as well on that day

@i9 but purposefully didn't team all of them in bc it would be overkill

Aldmeris 09/09/2021

thats so funny because there were a bunch of people who didn't even know who you were
and just followed me in-game to have a random raid

i9 09/09/2021

lol

Aldmeris 09/09/2021

Cho, for example.

i9 09/09/2021

you didn't know it was me either

i9 09/09/2021

do you hate me varlathriel

do u want to put me in a box and leave me on a secluded island in the middle of the ocean (edited)

u wanna put me in a box like a puppy on Christmas? 🙄

was that funny too

Aldmeris 09/09/2021

i9 09/09/2021

throwback to when i bitched you down so hard you fell in line with everyone else behind me.

i assume this means you'll definitely revive void
good to know.

Aldmeris 09/09/2021

throwback to the raid where you flash rallied us with like 18 people and we raped you so hard you shut down the group and then spend a month trying to join void on alts but we wouldn't let you
now that's a throwback I remember, and that was very funny.

i9 09/09/2021

i don't remember this
what group was that
throwback to that moment yeah

Aldmeris 09/09/2021

Empire of Cyrodiil

i9 09/09/2021

i9 09/09/2021

steal uniforms
and sell it for big bucks
not even kidding

Aldmeris 09/09/2021

i9 09/09/2021

LMFAOOOOOOO

Aldmeris 09/09/2021

i9 09/09/2021

i've made over 1700 usd in the last month alone

i9 09/09/2021

i didn't just ATTEMPT to sell shit
i actually did
successfully
it's hilarious
wanna see
?

Aldmeris 09/09/2021

sure

i9 09/09/2021

kk lemme go on paypal and cashapp bb

Aldmeris 09/09/2021

like stealing isn't hard, but the fact that you managed to sell it I actually find well
i wouldnt do it
but its impressive
that people pay for stolen shit

Aldmeris 09/09/2021

im not older than you

i9 09/09/2021

tell me what does it feel like to call someone younger then you a pedophile
how old are you

for the record, I am younger than Obo, I have no clue why he believes me when I tell him im like 24...and I will elaborate here:

Aldmeris 09/09/2021

im like 26

i9 09/09/2021

"like"

how old are you again

Aldmeris 09/09/2021

Aldmeris 09/09/2021

That's actually illegal in florida

so good to know

calling the cops rn

i9 09/09/2021

another thing that's funny

is that you're so retarded that you actually act like you're high almost every time i'm in contact with you and you say the most random shit 24/7

you say that i'll hit my peak at 22

actually idek why i'm still typing i know i'm more successful atm then you ever will be.

Aldmeris 09/09/2021

it's literally a free model

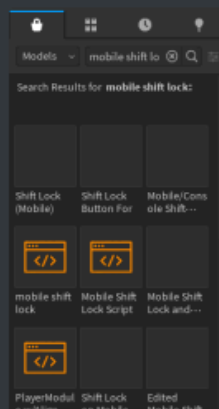

doc 09/09/2021

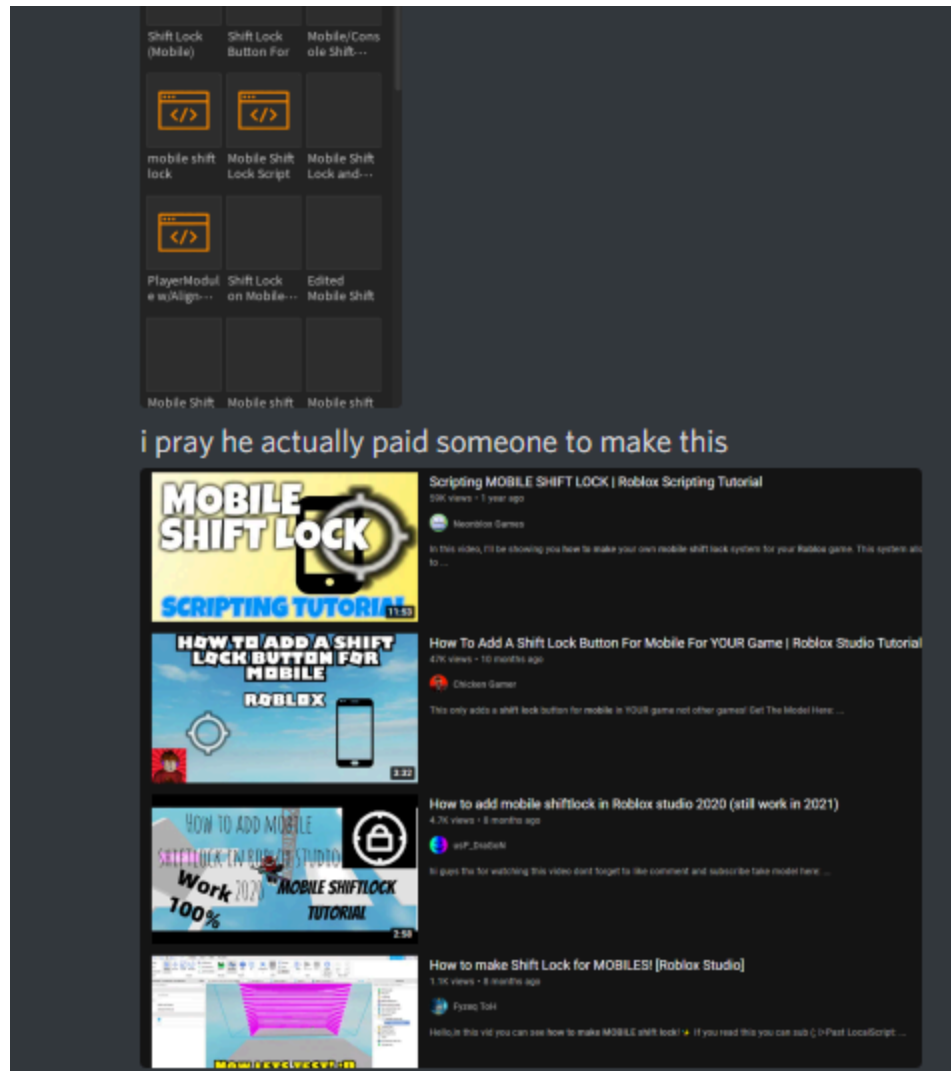

thats so fucking good
ibe just been busy
id be way more active if i wasmt

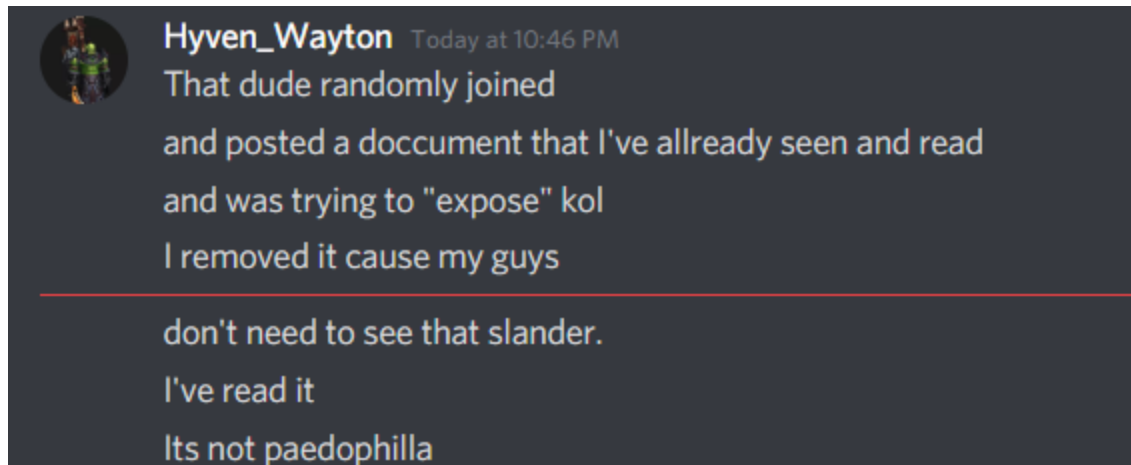

Aldmeris 09/09/2021

Today made me convinced that Obo isn't actually able to read the messages that are sent to him
he just...speaks
and there's nothing there
THERE'S SO MANY..

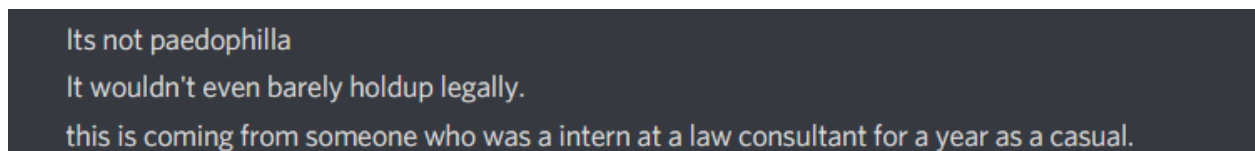

Now, on to Sillinonin, whose side of the chapter will be much shorter than Obo's. Because Sillinonin isn't entertaining.

Sillinionin's response to why he banned a guy for posting the Document after he had never claimed he saw proof of Obo being a Pedo.

Now here's a boundary I wanna place since Sill mentions slander.

Slander is a criminal thing alright, you can get someone in trouble for that. Legally.

and then he says that what Obo did wasn't pedophilia legally, and he knows this because he was an Intern at a Law Consultant.

I wanna preface that the goal here isn't to put Obo in jail, does it mean that the doc is pointless? Kinda, I

think it's unrealistic that Obo would get a prison sentence for preying on girls on Discord, the argument mainly being that it wouldn't hold up in court, therefore its not pedophilia, therefore its not a crime.

If the Document isn't proof of a crime being committed, then how would you use the document as proof of slander, which is also a crime. What in this document is slander. Where I am purposely lying about Obo in order to cause him harm in his individual life?

i9 06/09/2021

im literally laughing rn
bc i mean every word i'm saying rn
LOL
best ones however idk
probably 16-ish
pussy is tight

Aldmeris 06/09/2021

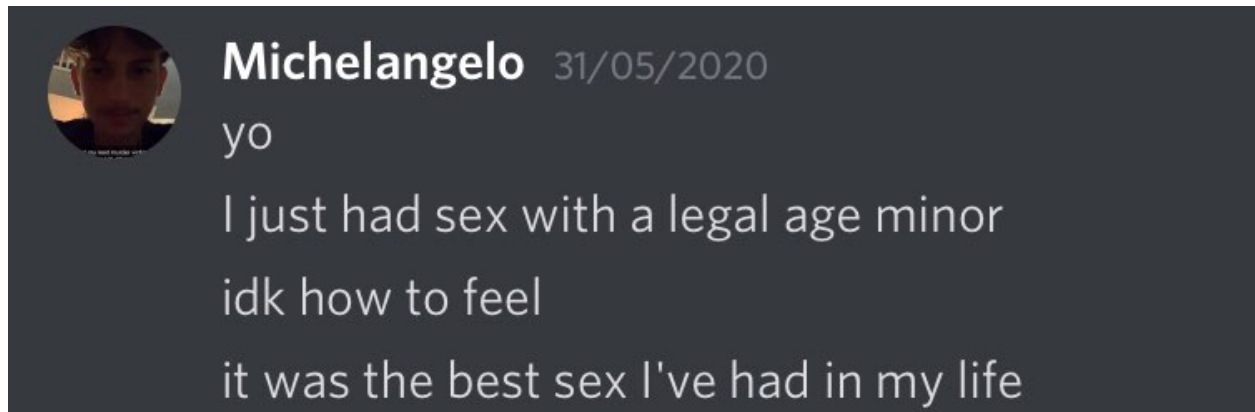

idk man those are the biggest snitches
uno

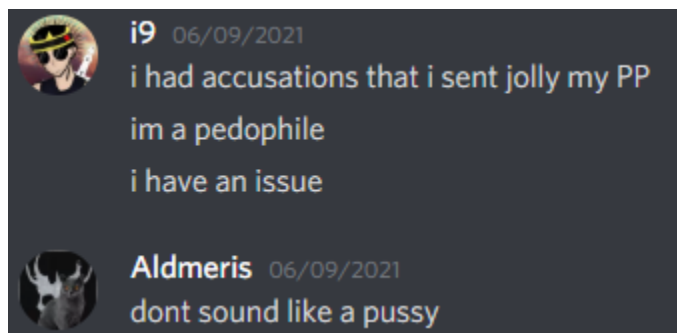

i9 06/09/2021

but their going into like adulthood
their horny as fuck
good for sex
most of the time aren't even virgins so usually experienced
most of the time don't care and WANT someone older
this is past experience talking
except age of consent is 16-17 so
sometimes i break the law
sometimes i don't yk

(Sillinin
says he has never seen proof of Obo being a pedophile)

(Sillinionin says he has never seen proof of Obo being a pedophile)

(Sillinionin says he has never seen proof of Obo being a pedophile)

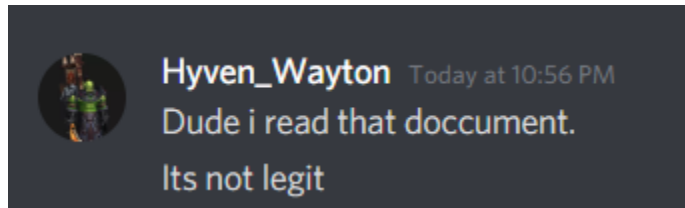

Obo is a pedophile, he will only deny it if you tell him its wrong, if you pretend its okay he'll tell you everything. Why? Because Obo is mentally ill, the fact that Sillinionin is too retarded to say that Obo Fun Time isn't proof that Obo is a pedophile, then saying it wouldn't hold up in court, but then proceeding to call it slander proves he knows nothing about the law. Why doesn't Sillinionin just admit that he enjoys working

with Pedophiles. Or, why doesn't Sillinionin just do the bare minimum to make sure there is NOT a pedophile, or a possible pedophile within his community? What is so hard about distancing yourself from a person that may be a pedophile. Would it not be responsible of you to actively bar someone who has a history of being sexually explicit around minors on the internet from your community, which considering this is roblox most likely has a few sets of minors in it.

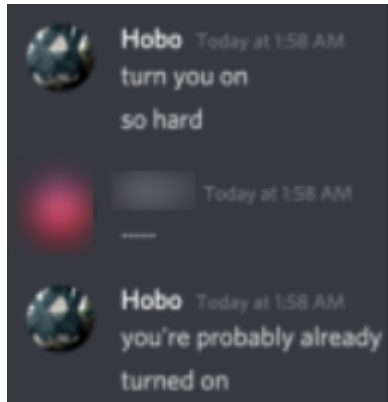

Sillinionin can't answer these questions, he can't pretend its okay, he just tries to deflect or delay.

The truth is that Obo is a pedophile, everyone knows it. If you try to deny it you look like a fucking mongoloid, listen, I'd honestly have more respect for your credibility and honesty if you'd rather just try to justify Obo's pedophilia instead of trying to pretend it never happened or that it isn't real. By Sillinionin so vigilantly protecting him, after having history of working with another pedophile as well (arkied), it really paints a ugly picture of his own reputation, and

begs the question of what kind of skeletons he hides in his closet.

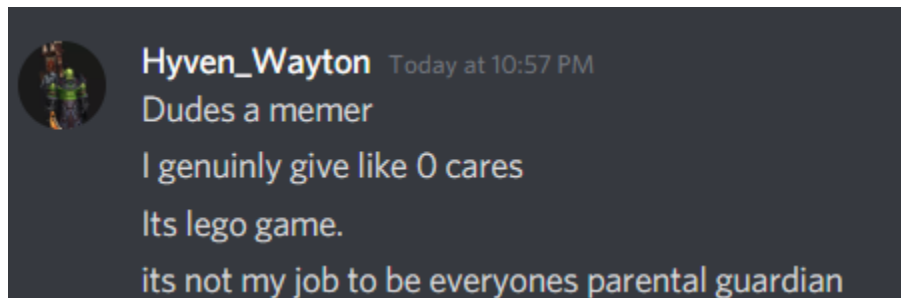

It's not legit bro, it's

not.

(obo talking to a 14 year old)

He doesn't

give a single care about the fact that his 2ic is a pedophile and everyone knows about it.

Sillinionin does care, Obo is a valuable asset to him, god knows why, maybe they have a similar hobby.

Sillinionin the only way you can prove you give 0 cares is just by banning Obo, its less effort than enduring him anyway.

 **Hyven_Wayton** Today at 11:08 PM
Its really not?
I aint a baby sitter bro
haha

 **Man.** Today at 11:08 PM
You are the leader of your group bro,
if you cant take care of your members, or provide a safe enviroment where they dont have to worry about a creep sliding into their dms,
then its not a place to be

 **Hyven_Wayton** Today at 11:09 PM
Its easy with a community less then 25
But over 60 members.
its not my job to teach everyone whats right and wrong and Mini mod my community.
I have rules in place and the keep things fine.
If you don't like someone you block them
I said as much in the rules.

 **Man.** Today at 11:10 PM
Most of your members are citizens.

 **Man.** Today at 11:10 PM

And when one of your officers is a pedophile, actually, your 2ic is a pedo.
we both know that
everyone knows that
So, just do the right thing, cut one head off.

 **Hyven_Wayton** Today at 11:13 PM
He aint

 **Hyven_Wayton** Today at 11:13 PM
its not even a single leg to stand on.

Your leaving is unneccisary and you just following outhers instead of looking into things for yourself and making an accurate judgement.

NEW

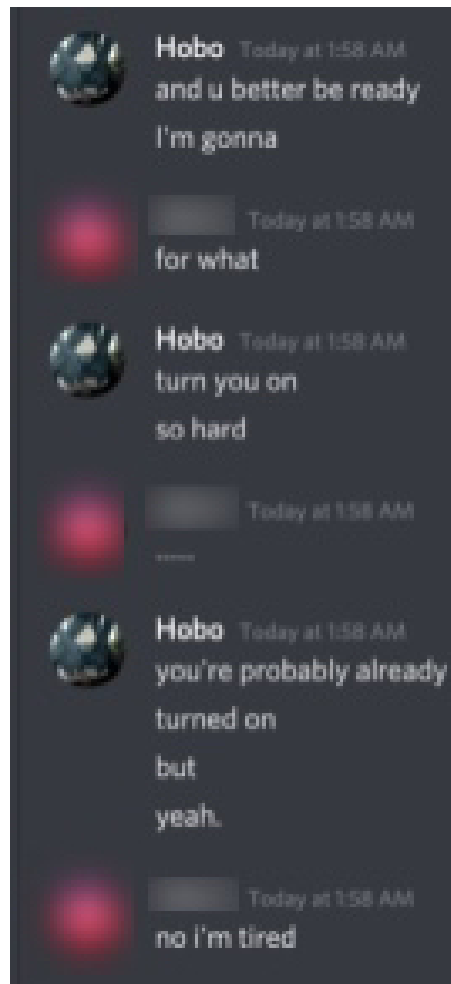

Trust me guys I aint any better.

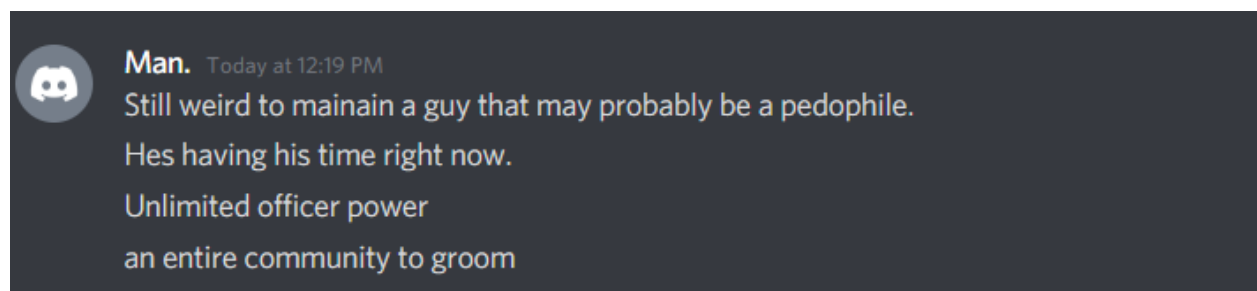

I agree, Sill. It

was a weird thing to joke about and it was uncomfortable. Plan was to bait Obo into saying dumb shit and it worked,,,also i thought you gave 0 cares why do you think its weird to joke about that?

Know what I think is weird?

, I think this is weird.

an entire community to groom

Hyven_Wayton Today at 12:40 PM

Cool sweet

Say shizz like that again

I swear to god ima actuals terminate my accs

I dont need this condtant influx of just negativity in my life

From a dumbass lego game

I was smart enough to tell a groomer to fuck off

Aint me job to baby sit

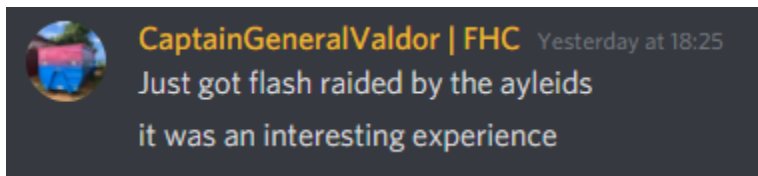

We done with this convo

Sillinioninn freaks out after supposedly not giving 0 cares after he is confronted about being a lazy leader. Threatens to delete his own account because he is so mentally unstable and so unsure of his own capabilities with the prospect to lead a group after banning a pedophile who is good at recruiting.

Chapter 5

Valdor then shares a conversation between him and Obo, presumably after the raid they've had.

 I just refilled at the gunpowder barrel (edited)
Wait is it true that Obo is a member of your group?

 **i9** Today at 19:46
of course.
he's not a pedophile.

i know his girlfriend.
if he was a pedophile he'd be attracted to only minors
gotta think with your brain my guy and not with the flock.
it's why sil defends him
it's why i defend him

 **Valdor** Today at 19:47
Pedos can be attracted to both adults and minors wdyam

 **i9** Today at 19:47
it's why everyone in the group defends him
pedophilia is a mental disorder to where the offender is attracted ONLY to pre-pubescent children
look up your facts

 **Valdor** Today at 19:47
No not only

 **i9** Today at 19:47
he's made mistakes in the past
very GRAVE mistakes
but he isn't into that anymore

 **Valdor** Today at 19:48
But he did it?

 **i9** Today at 19:48
and some people know how to forgive
and?
he didn't send any pp pictures to said people?

did you even read the document?
he never solicited ANY minors
if anything all he did was sexual harassment
and that was over a year ago.

Valdor Today at 19:48

Currently going through it, you dont need to send explicit pictures to be a pedo

i9 Today at 19:48

actually.

no, to be a pedophile you need to be soliciting or engaging in said actions with someone 5-6 years younger then you.
that's international law.

the united states laws however are quite different.

we've all done extensive research on this matter; had debates whether or not he was a pedophile

and it was concluded that what he did was simply sexual harassment

and he also apologized because we made him

and because he knows what he did was wrong

Valdor Today at 19:50

Yeah I'm not gonna accosiate with a group that knowingly habours pedo and/or people who sexually harass people.

Raids off

i9 Today at 19:50

he's literally engaged irl

and is only 20 years old

and will never do it again

yes

that's exactly what i knowingly harbor

he's not jeffrey epstein going about fucking 13 year olds

he was also 18 when this happened

Terethriel | Northpoint Yesterday at 20:07

The lengths Obo would go to protect his image is insane

fireTiger_kingTiger Yesterday at 20:07

Dos. It have a city

Terethriel | Northpoint Yesterday at 20:07

It has a city called Bucharest, fireTiger.

This is what it looks like.

Now, I'll go through the screenshots and break them down.

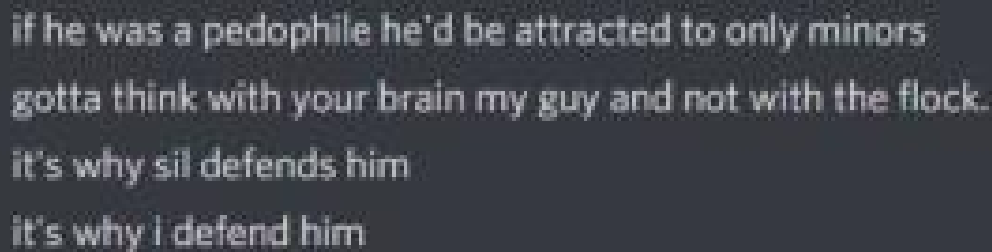

”is it

true that obo is a member of your group?” now, let’s not just begin with the fact that Obo lies about not being Obo here. But if someone asked you this question, “is it true that obo is a member of your group”. Would your first actual response be “he’s

not a pedophile”. Valdor didn’t even mention anything about Obo prior to this. This is what I think would’ve just broken the defense right on the spot, Obo is such a terrible liar it took one message for this grand illusion of his to be broken.

He knows his girlfriend...well obviously you’d known your own girlfriend right.

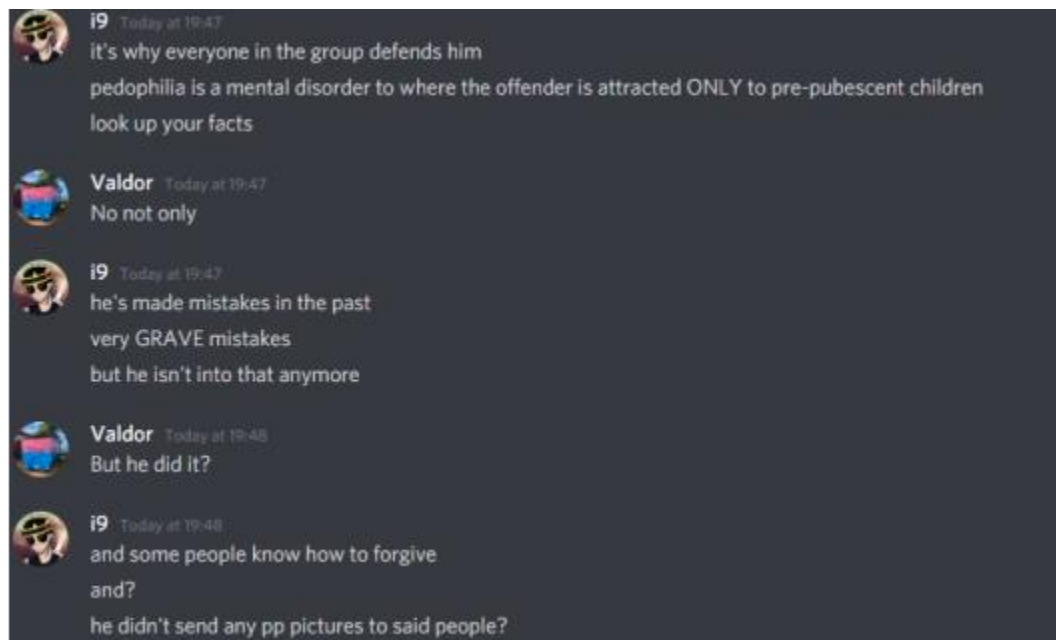

if he was a pedophile he'd be attracted to only minors
gotta think with your brain my guy and not with the flock.
it's why sil defends him
it's why i defend him

Keep in mind...At this point Valdor hadn’t even mentioned a single allegation he just asked if Obo was in the group.

Obo’s rants are his own dooms, he calls them victories, no one else thinks that.

I'm not gonna get into the technicalities of the definition, because it's usually the people trying to defend themselves of pedophilia doing that.

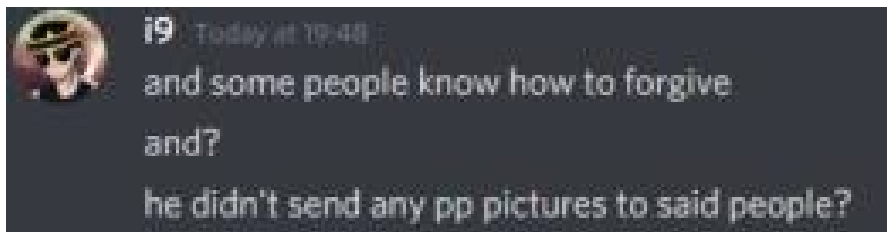

I want you to notice how incredibly neutral Valdor is here, at this point he hasn't made a single accusation nor referenced an allegation. Obo just keeps on talking and talking.

I also want to reference this:

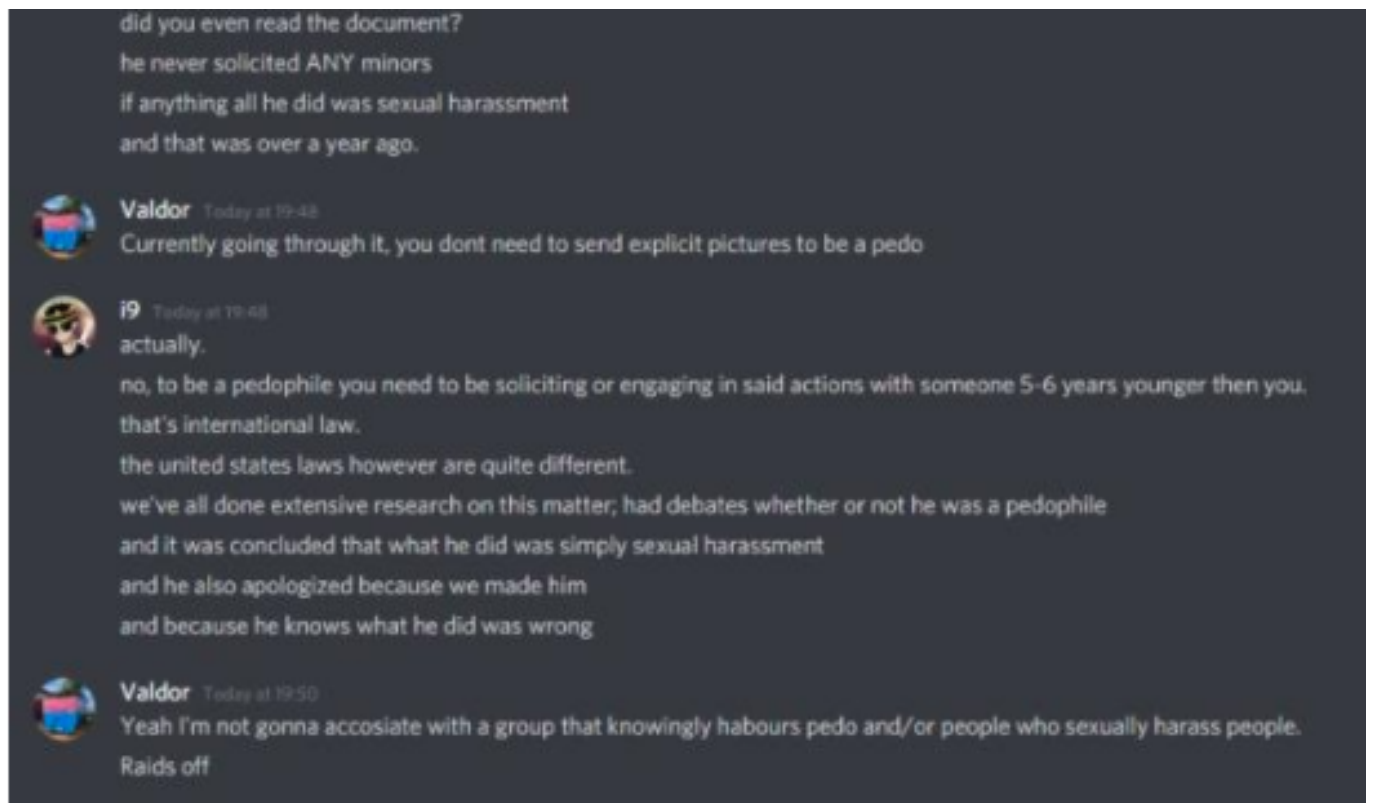

pedophilia is a mental disorder to where the offender is attracted ONLY to pre-pubescent children

Is the implication actually that if you're attracted to BOTH adults and minors, it's then justifiable to be sexually intimate with the minors? I don't agree with that, but that's what it sounds like Obo wants.

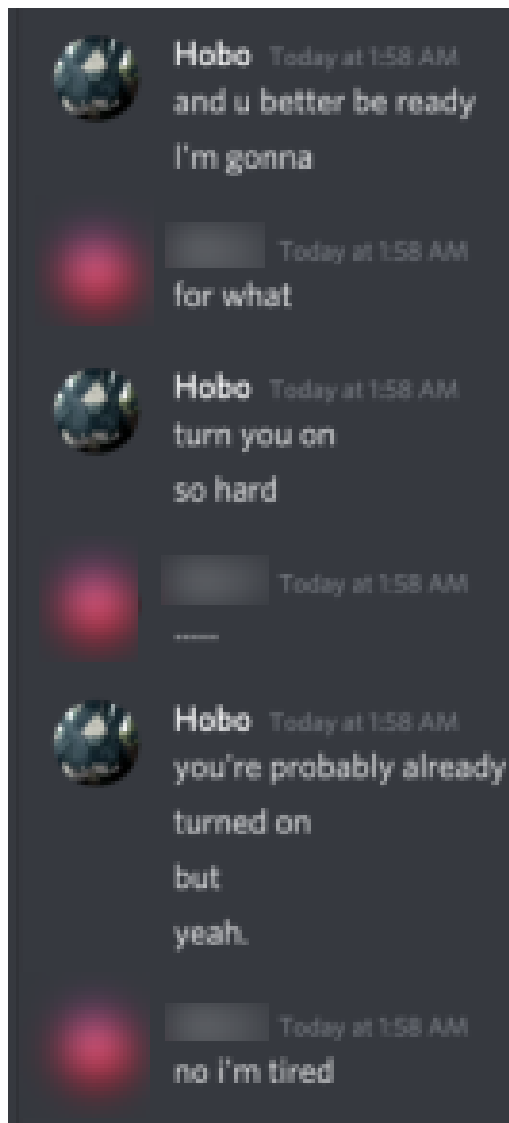

Again..Valdor

hasn't even said anything about the allegations, Obo's blabbering just gets him in his own trouble.

He didn't solicit any minors guys. He just said he wanted to turn on a 14-year old.

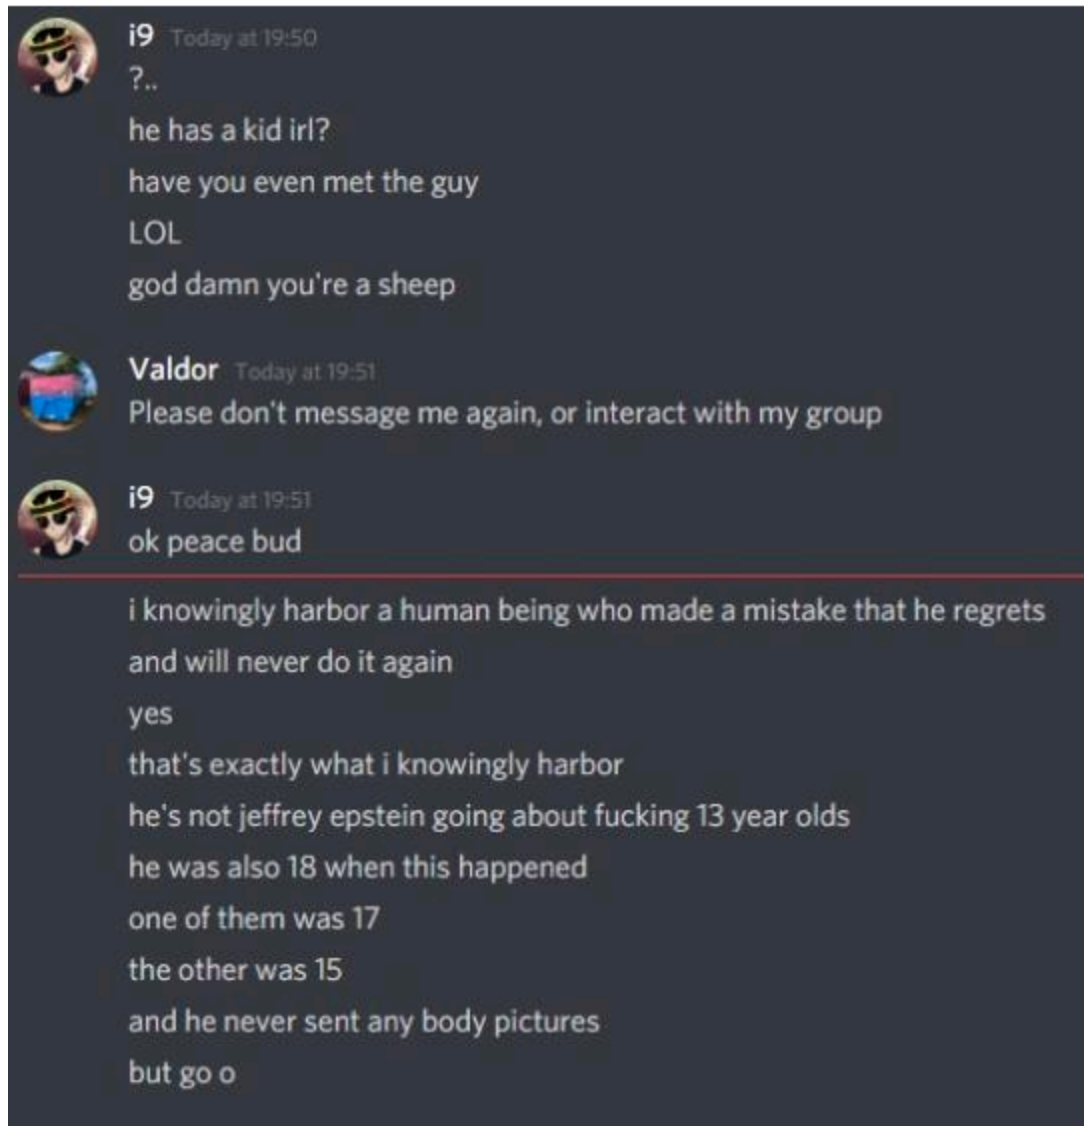

Just read the first document
for all of this stuff.

what he did was simply sexual harassment

Even if Obo wasn't actually a pedophile, and was instead just an oversexualized weirdo and a sexual predator. Would that make him any more welcome into the fantasy communities, or would that make it okay for him to be around us on roblox?

I want to note before its just me being slanderous as Sillinonin says...This is Obo saying it Obo himself said that the only thing he did was simply sexually harass a 14-year old and a 17-year old. ...He sexually harassed minors. :P

This is probably my favourite screenshot in the Foxdale Incident.

How many people from Roblox have you just casually met in real life.

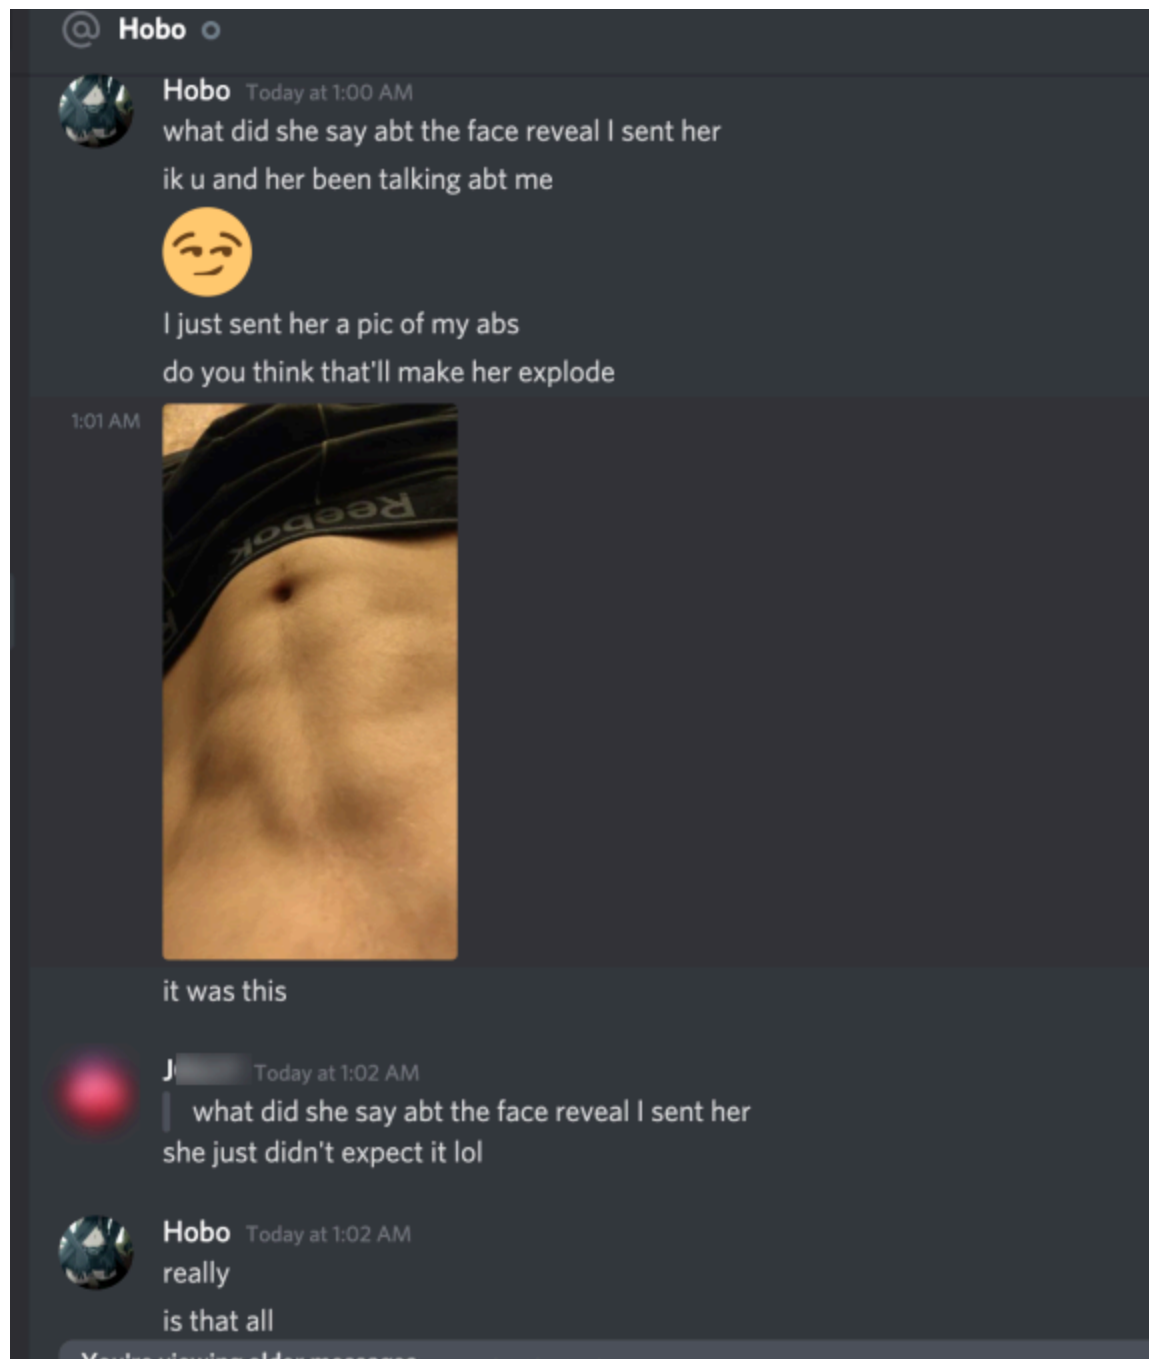

Also Obo doesn't have kids. He just doesn't. Why would he decide to tell Valdor, a guy he doesn't know about the fact that he has kids (AS IF IT MEANS ANYTHING TO THE FUCKING CONVERSATION) and not ever mention having a kid in his own group's discord, in the group chat with me and doc, and not have the fact that he owns a kid on his facebook, or his mother's facebook, or his grandmother's facebook.

Now, I'm not gonna go ahead and dox Obo's nan to prove the point that he doesn't own a kid. So If Obo's response to this document will be that "i actually own a kid, you cant prove that I dont" then sure, let that be his response and I'll give him that one point of this whole thing.

he was also 18 when this happened
one of them was 17
the other was 15
and he never sent any body pictures
but go o

He wasn't 18

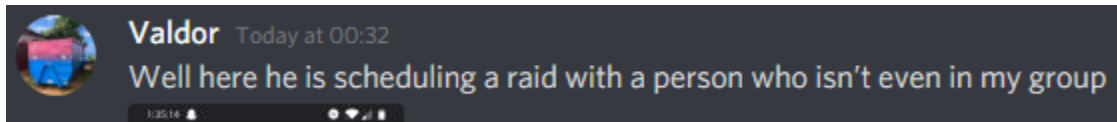

actually...He was 19. Which, I know, it's just one year right. But, the 15-year old wasn't 15, she was 14. The 17 year old was 17 so good job there Obo. Now, me correcting 15->14, and 18->19 seems a bit nitpicky. But I think there's a fair fucking difference between a 19-and a 14-year old, than a 15-year and an 18 year old. KEEP in mind, if they were to have a relationship in both of their home states (Florida) their relationship would be illegal. Also the last part, he didn't send body pictures? But, he did. I'll post a portion of the old document here but most of this of course exists in the old document.

Now, why did the Foxdale Incident even happen?

I would've normally expected that Foxdale and Ayleids just hosted a raid together. But in reality it wasn't that simple.

Upon reaching out to Valdor, these screenshots were shared with me. (These are Obo's screenshots passed on to Valdor.)

So a person who is claiming to be a Foxdale member (but isn't) asks

Obo for a raid with Foxdale. Obo obliges but later finds out that the guy is a troll.

So, what does Obo do?

Announces in his group that there's now an official raid between Foxdale and Ayleids.

This man's IQ.
